with the non medical issues that will come up such as wills finances and even social media passwords Is morphine used to nudge death along or is this just a myth Where do questions about euthanasia fit in with personal lived experience Margaret Rice lifts the lid on the taboos that surround death sharing practical information and compassionate advice from multiple sources to break down boundaries and offer better choices of care to suit individual needs This is a book to help the dying and their carers feel less isolated and help us all face death better
