Max Streaming Today On Sale:

The Sales Pit Chris Mustakas, 2025-04-21 There was a time when it felt like the best job in the world The energy of game nights The thrill of the deal The behind the scenes access and the ego stroking perks You felt like a somebody Hell you were a somebody Drinks after work suite nights with clients inside jokes in the sales pit This was the life It was the ultimate dream job Until it wasn't The Sales Pit is a raw unapologetic dive into the underbelly of professional sports sales before mental health mattered before burnout had a name and long before cancel culture called bullshit on toxic behaviour It was an era where bravado was currency vulnerability was weakness and the grind never stopped Toughness wasn't just expected it was required Silence was survival and speaking up could cost you everything This book rips the mask off toxic masculinity burnout culture and the silent suffering of men told to tough it out at any cost It's about the high of the hustle and the crash that inevitably follows The hidden toll of always being on and what's left when the act finally breaks you Nobody warned us about the exhaustion The pressures The fractured relationships and the slow erosion of one's self But what kept most of us going wasn't the titles or the commissions It was each other The late night beers the dark humour and most importantly the found family in the sales pit Because in the end it was never about the deals It was always about the people Real strength wasn't faking it until you made it it was standing together allowing yourself to be vulnerable speaking up and knowing you were not alone anymore Content Warning This book discusses topics related to men's mental health including depression anxiety dark thoughts and suicidal ideation Some readers may find these themes distressing or triggering If you are struggling please consider seeking support from a trusted friend family member or mental health professional

Digital Media and Innovation Richard A. Gershon, 2024-03-26 This fully updated second edition explores the importance of innovation and innovative thinking for the long term success of today's leading media telecommunications and information technology companies The book takes an in depth look at how smart creative companies have transformed today's digital economy by introducing unique and highly differentiated products and services This edition provides a detailed overview of intelligent networks and analyzes disruptive business models and processes from companies involved in social media artificial intelligence the metaverse smart cities and robotics among other emerging areas From Apple to Zoom this book considers some of the key people companies and strategies that have transformed the communication industries Exploring the power of good ideas this book goes inside the creative edge and looks at what makes such companies successful over time Digital Media and Innovation is suited to advanced undergraduate and graduate courses in media management media industries communication technology and business management and innovation and provides up to date research for media and business professionals

Field and Stream, 2007 **Forest and Stream**, 1887 **The Last Mixtape** Seth Long, 2025-07-16 A reflection on the evolution of physical media into metaphor through the history of music curation Obsolescence makes the heart grow fonder at least in the case of the mixtape Not all technologies are so lucky Some say wax

cylinders fade almost completely from cultural memory A lucky few pass into metaphor we still hang up our smartphones cut film and patch computer code As digital streaming completes the obsolescence of physical media what will become of the humble cassette In *The Last Mixtape* Seth Long offers a microhistory of music curation anchored by the cassette from which he explores the meanings of obsolescence ownership nostalgia and the speed of cultural change A moving meditation on our relationship with music memory and curation in the digital century Long ultimately calls for a return to the media ecology represented by the mixtape a world in which media is cheap and abundant but tactile and meaningfully engaged
