NFL London Game Under 50 Los Angeles:

International Football as Cultural Diplomacy Peter J. Beck, 2024-08-05 Drawing on wide ranging archival research this authoritative new history examines the cultural diplomatic role played by British football in international affairs British foreign policy and international football during the 1930s For British governments soccer diplomacy emerged as a favoured instrument of soft power when facing Hitler s Germany Mussolini s Italy Hirohito s Japan and Stalin s Russia on and off the field Examining the evolving relationship between successive governments and the Football Association this book records how governments though publicly espousing the distinctive autonomy of British sport pursued privately a progressively interventionist role regarding international matches played by England and Football League clubs Embedding its central themes in the wider context of international relations the war of ideas between the liberal democracies and the dictatorships and international football the book also interrogates one of the most shocking moments in British sporting history when England players gave Nazi salutes in Berlin in 1938 an episode in which virtue signalling was used in support of footballing appeasement Offering readers an informed historical perspective on some of the modern world s most significant issues from the divide between dictatorships and liberal democracies to the use of sport as cultural diplomacy aka cultural propaganda this book is fascinating reading for anybody with an interest in the history of Britain sport history football international politics diplomacy or international institutions *The New York Clipper Annual* ,1894

Financial Management in the Sport Industry Matthew T. Brown, Daniel A. Rascher, Mark S. Nagel, Chad D. McEvoy, 2021-04-07 Now in a fully revised and updated third edition this essential textbook introduces the fundamentals of sport finance and sound financial management in the sport industry It is still the only textbook to explain every aspect of finance from the perspective of the sport management practitioner explaining key concepts and showing how to apply them in practice in the context of sport The text begins by covering finance basics and the tools and techniques of financial quantification using industry examples to apply the principles of financial management to sport It then goes further to show how financial management works specifically in the sport industry Discussions include interpreting financial statements debt and equity financing capital budgeting facility financing economic impact risk and return time value of money and more The final part of the book examines financial management in four sectors of the industry public sector sport collegiate athletics professional sport and international sport It provides an in depth analysis of the mechanics of financial management within each of these sport sectors Useful features such as sidebars concept checks practice problems case analysis and case questions will help students engage more deeply with financial techniques and encourage problem solving skills This new edition includes a completely new chapter on international sport reflecting the globalized nature of the modern sport industry as well expanded coverage of current issues such as digital media finance recent legal cases affecting collegiate sport and the central importance of collective bargaining *Financial Management in the Sport Industry* is an essential textbook for any undergraduate or postgraduate course in sport
