Piobaireachd and Its Interpretation Seumas MacNeill, Frank Richardson, 1987 Piobaireachd Roderick David Cannon, Piobaireachd Society, 1984 *Piobaireachd: Classical Music of the Highland Bagpipe* Seumas MacNeill, British Broadcasting Corporation, 1968 Piobaireachd: the Classical Music of the Highland Bagpipe: an Explanatory Note Published by The Piobaireachd Society Roderick D. Cannon, 1984 The Highland Bagpipe Dr Joshua Dickson, 2013-02-28

The Highland bagpipe widely considered Scotland's national instrument is one of the most recognized icons of traditional music in the world. It is also among the least understood. But Scottish bagpipe music and tradition particularly but not exclusively the Highland bagpipe has enjoyed an unprecedented surge in public visibility and scholarly attention since the 1990s. A greater interest in the emic led to a diverse picture of the meaning and musical iconicism of the bagpipe in communities in Scotland and throughout the Scottish diaspora. This interest has led to the consideration of both the globalization of Highland piping and piping as rooted in local culture. It has given rise to a reappraisal of sources which have hitherto formed the backbone of long standing historical and performative assumptions. And revivalist research which reassesses Highland piping's cultural position relative to other Scottish piping traditions such as that of the Lowlands and Borders today effectively challenges the notion of the Highland bagpipe as Scotland's national instrument. The Highland Bagpipe provides an unprecedented insight into the current state of Scottish piping studies. The contributors from Scotland, England, Canada and the United States discuss the bagpipe in oral and written history, anthropology, ethnography, musicology, material culture and modal aesthetics. The book will appeal to ethnomusicologists, anthropologists as well as those interested in international bagpipe studies and traditions.

Positively Piobaireachd Donald MacLeod, 1978 **The Big Music** Kirsty Gunn, 2012-07-03. The Big Music tells the story of John Sutherland of The Grey House who is dying and creating in the last days of his life a musical composition that will define it. Yet he has little idea of how his tune will echo or play out into the world and as the book moves inevitably through its themes of death and birth, change and stasis, the sound of his solitary story comes to merge and connect with those around him. In this remarkable work of fiction, Kirsty Gunn has created something as real as music or as magical as a dream. One emerges at the end of it altered and changed. Not so much a novel as a place the reader comes to inhabit and know. The Big Music is a literary work of undeniable originality and power.
