Scott Byram, 2016-06-22 Archaeologist Scott Byram presents results from in depth study of the manuscript records of the U S Coast Survey at the National Archives in Maryland The volume includes photos and scans of numerous hand drawn topographic maps sketches and notebook pages depicting dozens of California archaeological sites from shipwrecks to shell mounds Methods are presented for using this archival collection in numerous West Coast settings This research led to the recent rediscovery of the Lone Woman s Cave on San Nicolas Island relocation and excavation of the 1852 military shipwreck survivor site known as Camp Castaway and the definitive mapping of Lewis and Clark s Fort Clatsop Over 50 archaeological and historical sites in California are illuminated using the nineteenth century maps and field notes most of which have not previously been available to researchers

Promised Lands David M. Wrobel, 2002 Whether seen as a land of opportunity or as paradise lost the American West took shape in the nation s imagination with the help of those who wrote about it but two groups who did much to shape that perception are often overlooked today Promoters trying to lure settlers and investors to the West insisted that the frontier had already been tamed that the only frontiers remaining were those of opportunity Through posters pamphlets newspaper articles and other printed pieces these boosters literally imagined places into existence by depicting backwater areas as settled culturally developed regions where newcomers would find none of the hardships associated with frontier life Quick on their heels some of the West s original settlers had begun publishing their reminiscences in books and periodicals and banding together in pioneer societies to sustain their conception of frontier heritage Their selective memory focused on the savage wilderness they had tamed exaggerating the past every bit as much as promoters exaggerated the present Although they are generally seen today as unscrupulous charlatans and tellers of tall tales David Wrobel reveals that these promoters and reminiscers were more significant than their detractors have suggested By exploring the vast literature produced by these individuals from the end of the Civil War through the 1920s he clarifies the pivotal impact of their works on our vision

of both the historic and mythic West In examining their role in forging both sense of place within the West and the nation s sense of the West as a place Wrobel shows that these works were vital to the process of identity formation among westerners themselves and to the construction of a West in the national imagination Wrobel also sheds light on the often elitist sometimes racist legacies of both groups through their characterizations of Native Americans African Americans Mexican Americans and Asian Americans In the era Wrobel examines promoters painted the future of each western place as if it were already present while the old timers preserved the past as if it were still present But as he also demonstrates that West has not really changed much promoters still tout its promise while old timers still try to preserve their selective memories Even relatively recent western residents still tap into the region s mythic pioneer heritage as they form their attachments to place Promised Lands shows us that the West may well move into the twenty first century but our images of it are forever rooted in the nineteenth Honor the Past White House Millennium Council (U.S.),2001 **Oregon Coastal Access Guide** Kenn Oberrecht,2001 This complete and illustrated guide offers a detailed tour of Oregon s Pacific edge with extensive coverage of scenic Highway 101 Authoritative practical information on where to go how to get there and what to expect with an emphasis on natural areas outdoor recreation and historical and cultural attractions Dictionary Catalog of the Department Library United States.
