Pirates Kiss:

A Pirate's Kiss Josephine Templeton, 2012-07-01 Womanizer and pirate hunter Dulac fights tooth and nail against the attraction he feels for the young pirate lad named Jesse Unfortunately even when they are apart he can't stop thinking about the little imp Tormented by his unexplainable unnatural attraction to the lad Dulac does his best to keep as much distance between them as possible Raised on a pirate ship from the age of eight Jesse wants the one man she cannot have a pirate hunter As luck would have it Dulac wants her too but he is very resistant For Jesse is known to everyone not only as a pirate but also as a boy and how can she have her man without exposing her secret to the world A Pirate's Kiss offers a turbulent ride as Dulac and Jesse work through the obstacles that stand in the way of happiness Rhonda Leah About Last Night *The Pirate's Dilemma* Matt Mason, 2008-05-01 What's the connection between the nun who invented disco and the effect of file sharing How does hip hop manage to be an underground movement and a multi billion dollar business at the same time And how are pirates of the kind who started commercial radio in the twentieth century changing society in the 21st The Pirate's Dilemma tells the stories of youth culture uncovering for the first time what it is that transforms underground scenes into global industries Matt Mason successful entrepreneur argues that that from youth culture out on the edges of the mainstream come the ideas that ultimately change the mainstream itself whether it's graffiti piracy hacking open source culture or remixing In the course of doing so he unravels some of our most basic assumptions about business and society and pinpoints trends to look out for in our future Because right now everyone from the ceo of a mainstream company to a teenager wanting to start the next youth culture revolution is struggling with a new dilemma that we can all companies and individuals alike be pirates now And as piracy increasingly changes the way we find use and sell information how should we respond Do we fight pirates or do we learn from them Should piracy be treated as a problem or a whole new solution
