**The Mannerist Phase in Architecture** Lina Malfona, 2025-05-02 This book frames mannerism as an inescapable stage in the creative process The mannerist phase is usually an adolescent stage of language preceding the consolidation of thought It is that period as fertile as it is anguished in which each author engages in a dialogue with his or her past reinterpreting or completely transforming it The mannerist phase is that period when architects design spaces not yet knowing what it means to design places The mannerist condition can be short lived or protracted until it becomes systemic In all cases it is a period of research experienced by architects who are also intellectuals that is architects who operate between the practice of making and the elaboration of a personal design philosophy within a perspective in which history theory and criticism are intertwined In this sense the mannerist condition can also be defined as the style of the academic thought The book explores the work of many authors analyzing their relationship to history and how they managed to emerge from its shadow Of interest to academics scholars and students exploring the theory of architecture this book offers an unconventional transtemporal reading of mannerism where facts events and images belonging to different times and spaces are juxtaposed to generate a series of temporal paradoxes Apostolic Iconography and Florentine Confraternities in the Age of Reform Douglas N. Dow, 2017-07-05 Focusing on artists and architectural complexes which until now have eluded scholarly attention in English language publications *Apostolic Iconography and Florentine Confraternities in the Age of Reform* examines through their art programs three different confraternal organizations in Florence at a crucial moment in their histories Each of the organizations that forms the basis for this study oversaw renovations that included decorative programs centered on the apostles At the complex of Ges Pellegrino a fresco cycle represents the apostles in their roles as Christ's disciples and proselytizers At the oratory of the company of Santissima Annunziata a series of frescoes shows their martyrdoms the terrible price the apostles paid for their mission and their faith At the oratory of San Giovanni Battista detta dello Scalzo a sculptural program of the apostles stood as an example to each confratello of how Christian piety had its roots in collective effort Douglas Dow shows that the emphasis on the apostles within these corporate groups demonstrates how the organizations adapted existing iconography to their own purposes He argues that their willful engagement with apostolic themes reveals the complex interaction between these organizations and the church's program of reform *Romanische Türstürze und Tympana in Südwestdeutschland* Ulrike Kalbaum, 2011 *Romanische Türstürze und Tympana* dienten als oberer Abschluss von Portalen und erschienen an Kircheneingängen vielfach als alleinige Bildträger Sie weisen nicht nur in ihrer Form und Bearbeitung sondern auch in ihrer Ikonographie und Beschriftung eine große Vielfalt auf Da die Bedeutung der Bilder und Zeichen den Zeitgenossen ohne die Erläuterungen eines Klerikers vermutlich ebenso unverstündlich blieb wie der Inhalt der lateinischen Inschriften stellt sich die Frage nach dem Sinn der Darstellungen sowie nach den Absichten die die Auftraggeber mit diesen Bild und Textprogrammen verfolgten Insbesondere der moralisierende Charakter vieler Inschriften

die sich dezidiert an den Kirchenbesucher richten lässt vermuten dass die Bilder eher dem Kirchenportal nicht nur zur Abwehr des Bösen zur Verschönerung des Kirchengebäudes oder zur Ehre Gottes angefertigt wurden sondern dass sie auch bei der Vermittlung von Glaubensinhalten eine wesentliche Rolle gespielt haben Neben den Fragestellungen zur Ikonographie der Darstellungen erstellt diese Publikation eine vollständige Dokumentation aller ganz oder teilweise erhaltenen oder durch Bild und Schriftquellen überlieferten romanischen Stütze und Tympana Südwesdeutschlands um aus diesen Aussagen zu Entwicklung Funktion und Bedeutung romanischer Portale im Gebiet des heutigen Bundeslandes Baden-Württemberg zu gewinnen und die Ergebnisse mit anderen Regionen zu vergleichen

*Beholding Violence in Medieval and Early Modern Europe* Allie Terry-Fritsch, 2017-07-05 Interested in the ways in which medieval and early modern communities have acted as participants observers and interpreters of events and how they ascribed meaning to them the essays in this interdisciplinary collection explore the concept of beholding and the experiences of individual and collective beholders of violence during the period Addressing a range of medieval and early modern art forms including visual images material objects literary texts and performances the contributors examine the complexities of viewing and the production of knowledge within cultural political and theological contexts In considering new methods to examine the process of beholding violence and the beholder's perspective this volume addresses such questions as How does the process of beholding function in different aesthetic conditions Can we speak of such a thing as the period eye or an acculturated gaze of the viewer If so does this particularize the gaze or does it risk universalizing perception How do violence and pleasure intersect within the visual and literary arts How can an understanding of violence in cultural representation serve as means of knowing the past and as means of understanding and potentially altering the present
