Danny Dorling

Place Practice And Structure Social And Spatial Transformation In Southern Sweden 1750 185:

The Visualization of Spatial Social Structure Danny Dorling, 2012-06-28 How do you draw a map of 100 000 places of more than a million flows of people of changes over time and space of different kinds of spaces surfaces and volumes from human travel time to landscapes of hopes fears migration manufacturing and mortality How do you turn the millions of numbers concerning some of the most important moments of our lives into images that allow us to appreciate the aggregate while still remembering the detail The visualization of spatial social structure means literally making visible the geographical patterns to the way our lives have come to be socially organised seeing the geography in society To a statistical readership visualization implies using data More widely defined it implies freeing our imaginations The Visualization of Spatial Social Structure introduces the reader to new ways of thinking about how to look at social statistics particularly those about people in places The author presents a unique combination of statistical focus and understanding of social structures and innovations in visualization describing the rationale for and development of a new way of visualizing information in geographical research These methods are illustrated through extensive full colour graphics revealing mistakes techniques and discoveries which present a picture of a changing political and social geography More complex aspects on the surface of social landscapes are revealed with sculptured symbols allowing us to see the relationships between the wood and the trees of social structure Today's software can be so flexible that these techniques can now be emulated without coding This book centres on a particular place and time 1980s Britain and a particular set of records routine social statistics A great deal of information about the 80s social geography of Britain is contained within databases such as the population censuses surveys and administrative data Following the release of the 2011 census now is a good time to look back at the past to introduce many new visualization techniques that could be used by future researchers Place, Practice and Structure Allan Pred, 1986 *Urban Flow* Jeffrey L. Kidder, 2012-03-27 In *Urban Flow* Jeffrey L Kidder introduces readers to the fascinating subculture of bike messengers exploring its appeal as well as its uncertainties and dangers Explorations in the Understanding of Landscape William Norton, 1989-03-03 An innovative contribution to the literature of cultural geography this book explores the evolution of landscape both material and symbolic from the standpoint of the populations cultures and human decision making processes that shape and give it meaning Focusing on evolution behavior symbolism and ecology Norton offers a critique of the literature of cultural and social geography and articulates a framework of central issues that connect a wide range of theoretical approaches In the first four chapters Norton gives detailed consideration to both traditional and contemporary literature and methodologies and to the links between cultural geography and other social science concepts and analytical methods The remaining chapters are concerned with the causes and consequences of cultural landscape evolution and the variables affecting it including language religion politics society economy and the physical environment In addressing these areas of cultural geography Norton promotes an approach that integrates the

contributions of geography with those of anthropology sociology psychology and history His analysis provides a useful synthesis of the conceptual and empirical content of cultural geography and suggests promising new directions for research in the field Norton s work will prove a valuable classroom and library resource for students and scholars in cultural and social geography and related areas of sociology and anthropology
