Place De La Concorde Suisse:

La Place de la Concorde Suisse John McPhee, 2011-04-01 La Place de la Concorde Suisse is John McPhee's rich journalistic study of the Swiss Army's role in Swiss society. The Swiss Army is so quietly efficient at the art of war that the Israelis carefully patterned their own military on the Swiss model. La place de la Concorde suisse John MacPhee, Béatrice Moulin, 1985 *La Place de la Concorde Suisse* John McPhee, 1985 *Looking for a Story* Noel Rubinton, 2025-05-13 An annotated bibliography that documents the work of the longtime New Yorker writer, journalist, Pulitzer Prize winner, and Princeton professor John McPhee. *Foreign Missions of an American Prosecutor* John Hailman, 2019-08-02 In his fifth book, John Hailman recounts the adventures and misadventures he experienced during a lifetime of international travel. From Oman to Indonesia, from sandstorms and food poisoning to gangsters and at least one jealous husband, Hailman explores the cultures and court systems of faraway countries. The international story begins in Paris as a young Hailman, a student at La Sorbonne, experiences the romance and excitement one expects from the City of Lights. Years later, Hailman returns to France to Interpol Headquarters in Lyon, where he received his international law certificate from the National School for Magistrates. Traveling the world as a representative for the US Justice Department, Hailman encountered criminals and conspiracies, including a plot in Ossetia, Georgia, to hijack his helicopter and kidnap him. From his time as a prosecutor are tales of three very different Islamic cultures in the colorful societies and legal systems of Tunisia, Algeria, and Morocco. Hailman also travels to the chaotic world of the former Soviet Union, where at the time of his visit, a new world of old countries was trying to rediscover independent pasts. He explores the tiny country of Moldova and the beautiful and picturesque Republic of Georgia, and visits Russia during the brief period democracy was flowering and the nation was experimenting with a new jury trial system. Viewing his adventures through the lens of laws and customs, Hailman is able to give unique insight to the countries he visits. With each new adventure in *Foreign Missions of an American Prosecutor*, John Hailman shares his passion for travel and his fascination with other cultures. **The Routledge Companion to Military Research Methods** Alison J. Williams, Neil Jenkins, Rachel Woodward, Matthew F. Rech, 2016-04-28 This new handbook is about the practices of conducting research on military issues. As an edited collection, it brings together an extensive group of authors from a range of disciplinary perspectives whose chapters engage with the conceptual, practical, and political questions raised when doing military research. The book considers a wide range of questions around research about on and with military organisations, personnel, and activities from diverse starting points across the social sciences, arts, and humanities. Each chapter in this volume describes the nature of the military research topic under scrutiny and explains what research practices were undertaken and why. Discusses the author's research activities, addressing the nature of their engagement with their subjects and explaining how the method or approach under scrutiny was distinctive because of the military context or subject of the research. Reflects on the author's research experiences and the specific, often unique, negotiations with the politics and

practices of military institutions and military personnel before during and after their research fieldwork The book provides a focussed overview of methodological approaches to critical studies of military personnel and institutions and processes and practices of militarisation and militarism In particular it engages with the growth in qualitative approaches to military research particularly research carried out on military topics outside military research institutions The handbook provides the reader with a comprehensive guide to how critical military research is being undertaken by social scientists and humanities scholars today and sets out suggestions for future approaches to military research This book will be of much interest to students of military studies war and conflict studies and research methods in general Das Schweizer Buch ,1986

contemporary nonfiction artists While critics to date have tended to focus on only one or two of each writer's works these chapters trace themes across each writer's entire body of work and even project likely future directions given current artistic trajectories Also addressed is the role of literary nonfiction in the American literary tradition and how each of the five writers exemplifies a strand of nonfiction narrative The Art of Fact draws from personal interviews with Gay Talese and John McPhee and includes new interpretations of the works of Tom Wolfe Joan Didion and Norman Mailer as well as unpublished material from Gay Talese's current book in progress The Art of Fact is a timely call for critical appreciation of the artistry of nonfiction and offers valuable insights to both students and fans of contemporary nonfiction
