Plague Prevention And Politics In Manchuria 1910 19:

Plague Prevention and Politics in Manchuria, 1910-1931 Carl F. Nathan, 1967-07-01 Plague prevention in Manchuria became an urgent matter both of public health and of politics in the 1920s and 1930s If the virulent pneumonic plague could not be quarantined and suppressed all North China and even nearby countries might be endangered If China could not deal with the plague Japan Russia and indeed the whole outside world might be justified in moving into Manchuria to do the job and China's already limited sovereignty there could be further weakened Steppengras und Stacheldraht Sören Urbansky, 2023-09-18 Die chinesisch russische Grenze war einst die längste Landgrenze der Welt Während sie im 17. Jahrhundert vage markiert durch die Steppe verlief entwickelte sie sich im 20. Jahrhundert zu einer streng patrouillierten Barriere mit Wachtürmen und Stacheldraht Sie scheidet zwei Staaten denen heute große Aufmerksamkeit zukommt die Grenze jedoch hat in der Geschichte der Imperien bisher wenig Beachtung gefunden Der Historiker Sören Urbansky erzählt die Geschichte ihres Verlaufs und stellt dabei die Lebenswelten der Grenzbewohner und die globalen Verstrickungen in den Mittelpunkt Seine Protagonisten sind Eisenbahnangestellte Hirten Schmuggler und Partisanen Da die Welten der dort lebenden Menschen eng miteinander verwoben sind blieben nationale Trennungen weitgehend unsichtbar Das änderte sich erst als das Konzept Grenze im 20. Jahrhundert an geopolitischer Bedeutung gewann Anhand einer Fülle von unbekannten Quellen zeigt Urbansky wie es den Staaten gelang traditionelle Grenzlandkulturen zu unterdrücken indem sie verwandtschaftliche kulturelle wirtschaftliche und religiöse Verbindungen durch Gesetze physische Gewalt Deportation Zwangsassimilation und Propaganda kappten So erweitert dieses Buch unser Verständnis davon wie Grenzen festgelegt werden und welche Konsequenzen das zeitigt nicht zuletzt für die dort lebenden Menschen Knowing Manchuria Ruth Rogaski, 2022-09 Knowing Manchuria places the creation of knowledge about nature at the center of our understanding of one of the world's most contested borderlands At the intersection of China Russia Korea and Mongolia Manchuria is known as a site of war and environmental extremes where projects of political control intersected with projects designed to make sense of Manchuria's multiple environments Covering over 500 000 square miles comparable in size to all the land east of the Mississippi Manchuria's landscapes included temperate rain forests deserts prairies cultivated plains wetlands and Siberian taiga Ruth Rogaski reveals how paleontologists and indigenous shamans and many others made sense of the Manchurian frontier She uncovers how natural knowledge and thus the nature of Manchuria itself changed over time from a sacred land where the dragon arose to a global epicenter of contagious disease from a tragic wasteland to an abundant granary that nurtured the hope of a nation *Health and Hygiene in Chinese East Asia* Qizi Liang, Charlotte Furth, 2010 Examines the intersections of power culture and science that went into the struggle to overcome disease and improve people's health in Chinese regions of 20th century East Asia *Public Health and the Modernization of China, 1865-2015* Liping Bu, 2017-07-14 This book based on extensive original research traces the development of China's public health system

showing how advances in public health have been an integral part of China's rise. It outlines the phenomenal improvements in public health for example the increase in life expectancy from 38 in 1949 to 73 in 2010 relates developments in public health to prevailing political ideologies and discusses how the drivers of health improvements were unlike in the West modern medical professionals and intellectuals who understood that whatever the prevailing ideology China needs to be a strong country. The book explores how public health concepts policies programmes institutions and practices changed and developed through social and political upheavals war and famine and argues that this perspective of China's development is refreshingly different from China's development viewed purely in political terms. *The Foochow Missionaries, 1847-1880*

Ellsworth C. Carlson, 1974 Contagion Mark Harrison, 2012-01-01 Looks at the connection between trade and disease tracing the plagues that swept through Eurasia in the fourteenth century and exposes the weaknesses in the current public health system that make our world susceptible to a pandemic. *Papers of the British Association for Korean Studies*, 1994

Localizing Paradise David Max Moerman, 2005 This book encompasses both the real and the ideal both the historical and the ideological Kumano. It studies Kumano not only as a site of practice a stage for performance but also as a place of the imagination a topic of literary and artistic representation. Kumano was unique in combining Buddhism with native traditions for redefining death and its conquest for expressing the relationship between religious and political authority and for articulating the religious position of women. By studying Kumano's particular religious landscape we can better understand the larger common religious landscape of premodern Japan. **BOOK JACKET** **The Fairbank Center for East Asian**

Research at Harvard University Ronald Stanley Suleski, 2005 *Civilizing Chengdu* Kristin Stapleton, 2000 Through a detailed study of the process as it took place in Chengdu a key provincial capital in the interior this book shows how urban reformers sought to remake Chinese cities by promoting a new type of orderly and productive urban community in population centers that before had been treated mainly as hubs for trade and seats of central government. **BOOK JACKET** **Crafting a Collection** Anna M. Shields, 2006 Compiled in 940 at the court of the kingdom of Shu the *Huajian ji* is the earliest extant collection of lyrics by literati poets. Shields examines the influence of court culture on the anthology's creation and the significance of imitation and convention in its lyrics situating the work within larger questions of Chinese literary history.

Discourses of Seduction Hosea Hirata, 2005 Why does literature's voice still seduce us into reading? What is the relationship between ethics and history in the study of literature? These essays on Kawabata Yasunari Murakami Haruki Karatani Kjin Furui Yoshikichi Mishima Yukio Oe Kenzaburo Natsume Soseki and Kobayashi Hideo visit the force of the scandalous to confront such questions. **The Development of Cotton Textile Production in China** Gang Zhao, 1977 There are many studies of the Chinese cotton textile industry for various time periods. But most of them are rather limited in the scope of inquiry and occasionally their interpretations cannot stand rigorous economic reasoning. The present study is an attempt to reorganize the data which are widely scattered in an extremely large number of Chinese historical documents.

and modern writings in a systematic fashion and to provide an economic analysis Since this study covers the entire history of the industry the limitations of space do not allow us to deal with every detail attention must be focused on the key issues

Advertising Tower William O. Gardner, 2006 This book examines responses of Japanese authors to the aesthetic transformation of Tokyo influenced by the activities of Japanese advertisers in the early 20th century Gardner shows how modernist works offer new constructions of subjectivity amid the social and technological changes that provided the ground for the appearance of mass media
