Plague Upon Humanity The Hidden History Of Japans Biological Warfare Program

Tao Wei

Plague Upon Humanity The Hidden History Of Japans Biological Warfare Program:

A Plague Upon Humanity Daniel Barenblatt, 2005 In wartime Japan's bid for conquest humanity suffered through one of its darkest hours as a hidden genocide took the lives of hundreds of thousands of innocent people. Cloaked in secrecy and protected under the banner of scientific study, the best and brightest of Japan's medical establishment volunteered for a major initiative in support of the military that involved the systematic murder of Chinese civilians. With the help of the United States government, they were allowed to get away with it. Based on important original research, this book reveals as never before the full extent of this crime in a story that is as compelling as it is terrifying. Beginning in 1931, the military of Imperial Japan came up with a new strategy to further the nation's drive for expansion: germ warfare. But they needed help to figure out how to do it. So they recruited thousands of doctors and research scientists, all of whom accepted willingly in order to develop a massive program of biological warfare that was referred to as the secret of secrets. This covert operation consisted of horrifying human experiments and germ weapon attacks against people whose lives were seen as expendable, including Chinese men, women, and children living in Manchuria and other areas of Japanese occupation. Even American POWs were targeted. At the forefront of this disturbing enterprise was an elite organization known as Unit 731, led by Japan's answer to Joseph Mengele, Dr. Shiro Ishii. Under Ishii's orders, captives were subjected to deeds that strain the boundaries of imagination. Men and women were frozen alive to study the effects of frostbite. Others were dissected without anesthesia. Tied to posts, victims were infected with virulent strains of anthrax and other diseases. Entire cities were aerially sprayed with fleas carrying bubonic plague. All told, more than five hundred thousand people died. Yet after the war, U.S. occupation forces under General Douglas MacArthur struck a deal with the doctors of Unit 731 that shielded them from accountability for their atrocities. In this meticulously documented work, Daniel Barenblatt has drawn upon startling new evidence of Japan's germ warfare program, including firsthand accounts from both perpetrators and survivors. Authoritative, alarming, and gripping from start to finish, **A Plague upon Humanity** is a powerful investigation that exposes one of the most shameful chapters in human history.

A Plague Upon Humanity Daniel Barenblatt, 2006-04 From 1932 to 1945, in a race to develop germ warfare capability for the Imperial Japanese military, thousands of Japanese doctors, nurses, and scientists willingly took part in what was known at the time as the secret of secrets: horrifying experiments on innocent Chinese men, women, and children, as well as experiments on American prisoners of war. An elite group known as Unit 731, led by Dr. Shiro Ishii, Japan's answer to Joseph Mengele, infected thousands of prisoners with virulent strains of typhoid, plague, cholera, and other epidemic diseases. Germ warfare campaigns were launched against China; cities and towns were hit with biological bombs. Yet after the war, General Douglas MacArthur struck a deal with these doctors, shielding them from accountability for their crimes. Provocative, compelling, and alarming, **A Plague Upon Humanity** exposes one of the most shameful chapters in human history: the story of Japan's deadly biological warfare programme and how it was hidden from the history of World War Two. **Japanese War**

Crimes during World War II Frank Jacob, 2018-06-08 A challenging examination of Japanese war crimes during World War II offers a fresh perspective on the Pacific War and a better understanding of reasons for the wartime use of extreme mass violence The 1937 Rape of Nanjing has become a symbol of Japanese violence during the Second World War but it was not the only event during which the Japanese used extreme force This thought provoking book analyzes Japan's actions during the war without blaming Japan helping readers understand what led to those eruptions In fact the author specifically disputes the idea that the forms of extreme violence used in the Pacific War were particularly Japanese The volume starts by examining the Rape of Nanjing then goes on to address Japan's acts of individual and collective violence throughout the conflict Unlike other works on the subject it combines historical sociological and psychological perspectives on violence with a specific study of the Japanese army seeking to define the reasons for the use of extreme violence in each particular case Both a historical survey and an explanation of Japanese warfare the book scrutinizes incidents of violence perpetrated by the Japanese vis vis theories that explore the use of violence as part of human nature In doing so it provides far reaching insights into the use of collective violence and torture in war overall as well as motivations for committing atrocities Finally the author discusses current political implications stemming from Japan's continued refusal to acknowledge its war time actions as war crimes

Evil Men James Dawes, 2013-05-06 A searching meditation on our all too human capacity for inhumanity Evil Men confronts atrocity head on how it looks and feels what motivates it how it can be stopped James Dawes's unflinchingly honest account drawing on firsthand interviews is not just about the things Japanese war criminals did but about what it means to befriend them The Journal of Military History, 2006 *Japan Review*, 2012 **Dark Medicine**

William R. LaFleur, Gernot Böhme, Susumu Shimazono, 2007 Where does one set the limits on research involving human subjects Single Cell Analysis Using Bio-aerosol Mass Spectrometry Gregg Allen Czerwieniec, 2005 **Toxic**

Archipelago Brett L. Walker, 2010 This fascinating environmental history of Japan examines how traditions and practices in several industries from raising silkworms to mining lead and coal to refining petroleum have affected the health of workers and those who have lived in these toxic landscapes Naval History, 2020 *Forthcoming Books* Rose Army, 2003

Aerospace Power Journal, 1999 **Behind a Curtain of Silence** William Nimmo, 1988-08-03 Most Americans are unaware that Soviet forces detained and imprisoned Japanese soldiers and civilians on a massive scale following World War II In addition to interning large numbers of Japanese nationals in Soviet occupied territories the Red Army deported more than half a million Japanese to labor camps in Siberia and other parts of the USSR Despite efforts to gain their release repatriation was not complete until 1956 William Nimmo's book is the first work in English to provide a detailed account of this little known aspect of the war's aftermath *News Letter* Lian he guo Zhongguo tong zhi hui, 1993 **Link**, 1982

Technology Review, 1995 *Unit 731* Hal Gold, 2011-09-13 This is a riveting and disturbing account of the medical atrocities performed in and around Japan during WWII Some of the cruelest deeds of Japan's war in Asia did not occur on the

battlefield but in quiet antiseptic medical wards in obscure parts of the continent Far from front lines and prying eyes Japanese doctors and their assistants subjected human guinea pigs to gruesome medical experiments In the first part of Unit 731 Testimony author Hal Gold draws upon a painstakingly accumulated reservoir of sources to construct a portrait of the Imperial Japanese Army s most notorious medical unit giving an overview of its history and detailing its most shocking activities The second half of the book consists almost entirely of the words of former unit members themselves taken from remarks they made at a traveling Unit 731 exhibition held around Japan in 1994 95 These people recount their vivid first hand memories of what it was like to cut open pregnant women as they lay awake on the vivisection table inject plague germs into healthy farmers and carry buckets of fresh blood and organs through corridors to their appropriate destinations Unit 731 Testimony represents an essential addition to the growing body of literature on the still unfolding story of one of the most infamous military outfits in modern history By showing how the ethics of normal men and women and even an entire profession can be warped by the fire of war this important book offers a window on a time of human madness in the hope that such days will never come again *The Daily Review* ,1982-11-12 *Playgirl* ,1976-12 *The Official Washington Post Index* ,1987

If you ally infatuation such a referred **Plague Upon Humanity The Hidden History Of Japans Biological Warfare Program** ebook that will manage to pay for you worth, acquire the certainly best seller from us currently from several preferred authors. Plague Upon Humanity The Hidden History Of Japans Biological Warfare Program Introduction

In the digital age, access to information has become easier than ever before. The ability to download Plague Upon Humanity The Hidden History Of Japans Biological Warfare Program has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Plague Upon Humanity The Hidden History Of Japans Biological Warfare Program has opened up a world of possibilities. Downloading Plague Upon Humanity The Hidden History Of Japans Biological Warfare Program provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Plague Upon Humanity The Hidden History Of Japans Biological Warfare Program has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Plague Upon Humanity The Hidden History Of Japans Biological Warfare Program. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many

authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Plague Upon Humanity The Hidden History Of Japans Biological Warfare Program. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Plague Upon Humanity The Hidden History Of Japans Biological Warfare Program, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Plague Upon Humanity The Hidden History Of Japans Biological Warfare Program has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Plague Upon Humanity The Hidden History Of Japans Biological Warfare Program Books
