Pinter In Play Critical Strategies And The Plays Of Harold Pinter:

Pinter in Play Susan Hollis Merritt, 1990 *Pinter in Play* provides a survey of diverse readings of the Harold Pinter canon organized around and presented in terms of the major critical schools of the past twenty five years from New Criticism to deconstruction to poststructuralism Reflecting on the cultural personal sociological and philosophical contexts of these diverse critical perspectives and the critics who express them this book is equally about the act or the art of literary criticism and itself an important work of literary criticism Drawing on interviews with Pinter scholars Susan Hollis Merritt shows how critics play with Pinter and thereby seriously enforce personal professional and political affiliations Cutting across traditional academic and nonacademic boundaries Merritt argues that greater cooperation and collaboration among critics can resolve conflicts promote greater social equity and foster ameliorative critical and cultural change

Critical Essays on Harold Pinter Steven H. Gale, 1990 *Stages of Struggle* John Louis DiGaetani, 2015-01-27 One way or another all playwrights use their work to explore the issues that interest them The characters in a play may trumpet their creator's political views from the stage or an unusual structure or set design may result from the playwright's interest in theatrical form It is also common particularly in the plays of the 20th and 21st century to see a playwright delving into psychological issues raised by his own mental struggles or those of people he loves Luigi Pirandello tormented by the schizophrenia of his wife and other family members repeatedly explored the problems caused by different visions of reality Noel Coward's self-obsessed characters reflect his own narcissism Alcoholism is a recurrent theme in the works of many playwrights including Eugene O'Neill Edward Albee and Brian Friel Through their exploration of these issues and more the great writers of the theater have turned suffering into art This book looks at the work of 20 playwrights to see how their examination of the disturbed mind has influenced the modern theater

The Making of Theatrical Reputations Yael Zarhy-Levo, 2008-04-21 Today's successful plays and playwrights achieve their prominence not simply because of their intrinsic merit but because of the work of mediators who influence the whole trajectory of a playwright's or a theatre company's career Critics and academic writers are primarily considered the makers of reputations but funding organizations and various media agents as well as artistic directors producers and directors also pursue separate agendas in shaping the reputations of theatrical works In *The Making of Theatrical Reputations* Yael Zarhy-Levo demonstrates the processes through which these mediatory practices by key authority figures situate theatrical companies and playwrights within cultural and historical memory To reveal how these authorizing powers that be promote theatrical events companies and playwrights Zarhy-Levo presents four detailed case studies that reflect various angles of the modern London theatre In the case of the English Stage Company's production of John Osborne's *Look Back in Anger* she centers on a specific event She then focuses on the trajectory of a single company the Theatre Workshop particularly through its first decade at the Theatre Royal Stratford East London Next she explores the career of the dramatist John Arden especially its first ten years in part drawing upon an interview with Arden and his wife

actress and playwright Margaretta D Arcy before turning to her fourth study the playwright Harold Pinter's shifting reputation throughout the different phases of his career Zarhy Levo's accounts of these theatrical events companies and playwrights through the prism of mediation bring fresh insights to these landmark productions and their creators
