Pioneer In Tibet The Life And Perils Of Dr Albert Shelton:

Pioneer in Tibet Douglas Wissing, 2015-03-17 Dr Albert Shelton was a medical missionary and explorer who spent nearly twenty years in the Tibetan borderlands at the start of the last century. During the Great Game era, the Sheltons' sprawling station in Kham was the most remote and dangerous mission on earth. Raising his family in a land of banditry and civil war caught between a weak Chinese government and the British Raj, Shelton proved to be a resourceful frontiersman. One of the West's first interpreters of Tibetan culture during the course of his work in Tibet, he was praised by the Western press as a family man, revered doctor, respected diplomat, and fearless adventurer. To the American public, Dr Albert Shelton was Daniel Boone, Wyatt Earp, and the apostle Paul on a new frontier. Driven by his goal of setting up a medical mission within Lhasa, the seat of the Dalai Lama and a city off limits to Westerners for hundreds of years, Shelton acted as a valued go-between for the Tibetans and Chinese. Recognizing his work, the Dalai Lama issued Shelton an invitation to Lhasa. Tragically, while finalizing his entry, Shelton was shot to death on a remote mountain trail in the Himalayas. Set against the exciting history of early twentieth-century Tibet and China, *Pioneer in Tibet* offers a window into the life of a dying breed of adventurer.

Echoes from Forgotten Mountains Jamyang Norbu, 2023-07-24 Jamyang Norbu has taken the stories of forgotten Tibetans—resistance fighters, secret agents, soldiers, peasants, merchants, even street beggars—and skillfully worked their myriad accounts into a single glorious memory history of the Tibetan struggle. He uses recollections from his own childhood to ease the reader into an immersive understanding of the complexity of Tibet's modern history: the Chinese invasion, the uprisings in Kham and Amdo, the formation of the Four Rivers Six Ranges Resistance Force, the March 59 Lhasa Uprising, the CIA-supported Air Operations, the Nyemo peasant Uprising of 68-69, and the Mustang Guerilla Force in northern Nepal where Norbu later served. He writes of leaving home to drive tractors at refugee settlements, educate refugee children, produce plays at the Tibetan Institute of Performing Arts, and collect intelligence for the Tibetan Office of Research and Analysis (TORA) and for France's External Intelligence Agency (SDECE). He uses these anecdotes not so much as autobiography but as a framing device to recount the lives, deeds, and too often tragedies of the many Tibetans he encountered and befriended throughout his life—nearly all of whom played vital roles in shaping the recent history of their country but whose contributions are still unsung and forgotten. Jamyang Norbu's lifelong commitment to collecting and orchestrating the echoes of these many forgotten voices from the past has resulted in a lyrical, learned, and compassionate book that could well be described as the prose epic of the Tibetan freedom struggle.

Tibet Paul Hattaway, 2025-01-14 The Tibetan Plateau is mountainous, inaccessible, and vast—three times the land area of the UK but with only one-tenth of the population. Most Tibetans claim to be Buddhists, but for many, Buddhism is a veneer over older, darker beliefs. The spiritual realm is a daily reality in Tibet. There are only tiny numbers of Tibetan Christians, but the Roof of the World has a long and remarkable Christian history. Paul Hattaway recounts the stories of the many courageous, tenacious men and women who have attempted
