Indigenous and Minority Placenames Ian D. Clark, Luise Hercus, Laura Kostanski, 2014-08-01 This book showcases current research into Indigenous and minority placenames in Australia and internationally Many of the chapters in this volume originated as papers at a Trends in Toponymy conference hosted by the University of Ballarat in 2007 that featured Australian and international speakers The chapters in this volume provide insight into the quality of toponymic research that is being undertaken in Australia and in countries such as Canada Finland South Africa New Zealand and Norway The research presented here draws on the disciplines of linguistics geography history and anthropology The book includes meticulous studies of placenames in central NSW and the Upper Hunter region Gundungurra cave names western Arnhem Land Northern Cape York Peninsula and Mount Wheeler in Queensland saltwater placenames around Mer in the Torres Strait and the Kurna in South Australia Australian Place Names Brian Kennedy, Barbara Kennedy, 2006 Australian Place Names has some very interesting origins One place was named after its discoverer's horse **Australian Place Names Stories** Ruth Wajnryb, 2006 Australia's place names have been significantly influenced by the various cultural groups that make up our society But why are there so many names of Celtic origin around the New England region of NSW And what is the relationship between all the West Australian towns whose names end in up Answering these questions and more Australian Place Names is jam packed with fascinating information about the sometimes quirky way we've named our homeland The Oxford Handbook of Names and Naming Carole Hough, 2016-05-03 In this handbook scholars from around the world offer an up to date account of the state of the art in different areas of onomastics in a format that is both useful to specialists in related fields and accessible to the general reader Since Ancient Greece names have been regarded as central to the study of language and this has continued to be a major theme of both philosophical and linguistic enquiry throughout the history of Western thought The investigation of name origins is more recent as is the study of names in literature Relatively new is the study of names in society which draws on techniques from sociolinguistics and has gradually been

gathering momentum over the last few decades The structure of this volume reflects the emergence of the main branches of name studies in roughly chronological order The first Part focuses on name theory and outlines key issues about the role of names in language focusing on grammar meaning and discourse Parts II and III deal with the study of place names and personal names respectively while Part IV outlines contrasting approaches to the study of names in literature with case studies from different languages and time periods Part V explores the field of socio onomastics with chapters relating to the names of people places and commercial products Part VI then examines the interdisciplinary nature of name studies before the concluding Part presents a selection of animate and inanimate referents ranging from aircraft to animals and explains the naming strategies adopted for them Place-names of New South Wales, Their Origins and Meanings Alexander Wyclif
