Place Time And Being In Japanese Architecture:

Place, Time, and Being in Japanese Architecture Kevin Nute, 2004 In addition to highlighting the human benefits of built environments which relate to particular place time and being many of the Japanese buildings examined illustrate practical strategies for revealing these universal parameters which are equally applicable beyond Japan It is suggested that wider use of some of these approaches could not only help to sustain both environmental and cultural identities against the homogenising effects of globalisation but also has the potential to heighten our appreciation of the peculiar condition of being here now Jacket *The Constructed Other: Japanese Architecture in the Western Mind* Kevin Nute, 2021-09-30 The Constructed Other argues that the assumed otherness of Japanese architecture has made it both a testbed for Western architectural theories and a source of inspiration for Western designers The book traces three recurring themes in Western accounts of Japanese architecture from the reopening of Japan in the mid nineteenth century to the present day a wish to see Western architectural theories reflected in Japanese buildings efforts to integrate elements of Japanese architecture into Western buildings and a desire to connect contemporary Japanese architecture with Japanese tradition It is suggested that together these narratives have had the effect of creating what amounts to a mythical version of Japanese architecture often at odds with historical fact but which has exercised a powerful influence on the development of building design internationally

Fremd und Eigen Beate Löffler, 2011-01-01 Japan unterzog sich in der zweiten Hälfte des 19. Jahrhunderts einer rasanten Modernisierung und bernahm dabei gezielt organisatorische und politische Modelle sowie technologisches Wissen von den westlichen Hegemonialmächten Zeitgleich fasste das Christentum nach mehr als zwei Jahrhunderten des Verbots und der Verfolgung wieder Fuß auf den Inseln und mit ihm die elaborierte Bauform der christlichen Kirche Das Buch beschreibt die Akkulturation des christlichen Kirchenbaus in Japan seit 1853 An mehr als 280 Kirchenbauten werden neben Stilistik Konstruktion und Raumnutzung auch die Einflüsse von Missionaren und Architekten untersucht Vor allem aber verfolgt die Studie die Mechanismen der kulturellen Aneignung bis hin zur Integration der Kirchen in die zeitgenössische japanische Populärkultur

This Here Now: Japanese Building And The Architecture Of The Individual Kevin Nute,2020-11-04 This Here Now explains how traditional Japanese buildings respond to distinctive materials objects and moments and argues that the built acknowledgment of such events can help to affirm the individuality of our own being The book also shows how buildings can help us to overcome our separateness by enabling us to share the normally subjective experiences of this here and now

Embodied Time Kevin Nute,2024-03-01 Shortlisted for the Architectural Book Awards 2024 The word time occurs more than seven times as often as space in written English yet in the design of the indoor environments where we now spend most of our lives these priorities are typically reversed with time often being little more than an afterthought Embodied Time endeavors to correct that imbalance by demonstrating how built environments can be designed to evoke positive recollections of the past interactions with the present and anticipations of the future *The Writers Directory 2008* Michelle Kazensky,2007-06 Features bibliographical biographical and contact information for living authors worldwide who have at least one English publication Entries include name pseudonyms addresses citizenship birth date specialization career information and a bibliography The Architect and Contract Reporter ,1899 *The American Architect and Building News* ,1883 **The London and China Telegraph** ,1878 *The Builder* ,1878 The Japan Daily Mail ,1875 **The Architect** ,1890 American Architect ,1896 The British Architect ,1887 Chambers's Journal of Popular Literature, Science and Arts ,1879 **Textile Manufacturer** ,1896 *Sessional Papers Read at the Royal Institute of British Architects* ,1878 *The California Architect and Building News* ,1890 *Japan* Colin Simpson,1959
