Place For Families Fostering Capacity Equality And Responsibility:

The Place of Families Linda C. McClain, 2006-01-03 Arguing that family life helps create the virtues and character required for citizenship McClain shows that the connection between family self government and democratic self government does not require the deep laid gender inequality that has historically accompanied it **Arbeitsmarkterfordernis**

berufliche Mobilität: Geschlechtergleichheit in der Krise? Andrea Stephanie Dauber, 2012-08-09 Mit Hilfe des ersten repräsentativen Datensatzes zur beruflich induzierten räumlichen Mobilität in ausgewählten Ländern Europas untersucht die Autorin in einer geschlechterdifferenzierenden Perspektive für Deutschland welche Auswirkungen berufliche Mobilität in Paarbeziehungen auf die Aspekte Erwerbsumfang häusliche Arbeitsteilung und Kinderbetreuung hat Vor dem Hintergrund der theoretischen und empirischen Debatte zur geschlechtsspezifischen sozialen Ungleichheit sind weitere wichtige Dimensionen der bergang zur Elternschaft sowie Partnerschaftsgründungen mobiler Männer und Frauen Dabei kann ein allgemeiner und bergreifender negativer Effekt beruflicher Mobilität auf die diskutierten Aspekte mit den vorhandenen Daten nicht ohne Weiteres konstatiert werden Jedoch ist berufliche Mobilität in spezifischen Paarkonstellationen durchaus geeignet bestimmte Ereignisse vorherzusagen Dies gilt insbesondere für den Bereich Elternschaft und Partnerschaftsgründung Law Making and the Scottish Parliament Elaine E Sutherland, 2014-05-27 A study of legislative developments in areas of law and policy devolved to the Scottish Parliament *Marriage and Divorce in a Multi-Cultural Context* Joel A. Nichols, 2011-10-31 American family law makes two key assumptions first that the civil state possesses sole authority over marriage and divorce and second that the civil law may contain only one regulatory regime for such matters These assumptions run counter to the multicultural and religiously plural nature of our society This book elaborates how those assumptions are descriptively incorrect and it begins an important conversation about whether more pluralism in family law is normatively desirable For example may couples rely upon religious tribunals Jewish Muslim or otherwise to decide family law disputes May couples opt into stricter divorce rules either through premarital contracts or covenant marriages How should the state respond Intentionally interdisciplinary and international in scope this volume contains contributions from fourteen leading scholars The authors address the provocative question of whether the state must consider sharing its jurisdictional authority with other groups in family law *Against Marriage* Clare Chambers, 2017-09-08 Against Marriage argues that marriage violates both equality and liberty and should not be recognized by the state Clare Chambers shows how feminist and liberal principles require creation of a marriage free state one in which private marriages whether religious or secular would have no legal status Part One makes the case against marriage Chambers investigates the critique of marriage that has developed within feminist and liberal theory Feminists have long argued that state recognised marriage is a violation of equality Chambers endorses the feminist view and argues in contrast to recent egalitarian pro marriage movements that same sex marriage is not enough to make marriage equal The egalitarian case against marriage is the most fundamental argument of Against

Marriage But Chambers also argues that state recognised marriage violates liberty including the political liberal version of liberty that is based on neutrality between conceptions of the good Part Two sets out the case for the marriage free state Chambers criticizes recent arguments that traditional marriage should be replaced with either a reformed version of marriage such as civil partnership or a purely contractual model of relationship regulation She then sets out a new model for the legal regulation of personal relationships Instead of regulating by status the state should regulate relationships according to the practices they involve Instead of regulating relationships holistically assuming that relationship practices are bundled together in one significant relationship the marriage free state regulates practices on a piecemeal basis The marriage free state thus employs piecemeal practice based regulation It may regulate private marriages including religious marriages so as to protect equality But it takes no interest in defining or protecting the meaning of marriage
