Staging Masculinity Carla J. McDonough, 2006-07-19 The

men in plays such as Arthur Miller's *Death of a Salesman* or Sam Shepard's *True West* are often presented as universal little attention is given to the gender dynamics involved in the characters. This work looks at how contemporary playwrights including Miller, Shepard, Eugene O'Neill, David Mamet, and August Wilson stage masculinity in their works. It becomes apparent that male playwrights return often to the issues of troubled manhood usually masked in other issues such as war, business, or family. The plays indicate both the attractiveness of the model of traditional masculinity and the illusive nature of this image which all too often fractures and fails the characters who pursue it. O'Neill's play *The Hairy Ape* and the character Yank receive much attention.

Reinventing Masculinity Edward M. Adams, Ed Frauenheim, 2020-10-13 A wonderful book for thinking about how to release ourselves from crippling processes. It's time for men and for all of us to stand up and say: Give us back our full humanity, give us back our dignity. Paul Gilbert, PhD, author of *The Compassionate Mind*. In a recent FiveThirtyEight poll, 60 percent of men surveyed said society puts pressure on men to behave in a way that is unhealthy or bad. Men account for 80 percent of suicides in the United States, and three in ten American men have suffered from depression. Ed Adams and Ed Frauenheim say a big part of the problem is a model of masculinity that's become outmoded and even dangerous to both men and women. The conventional notion of what it means to be a man, what Adams and Frauenheim call *Confined Masculinity*, traps men in an emotional straitjacket, steers them toward selfishness, misogyny, and violence, and severely limits their possibilities. As an antidote, they propose a new paradigm: *Liberating Masculinity*. It builds on traditional masculine roles like the protector and provider, expanding men's options to include caring, collaboration, emotional expressivity, an inclusive spirit, and environmental stewardship. Through hopeful stories of men who have freed themselves from the strictures of *Confined Masculinity*, interviews with both leaders and everyday men, and practical exercises, this book shows the power of a masculinity defined by what the authors call the five Cs: curiosity, courage, compassion, connection, and commitment. Men will discover a way of being that fosters healthy, harmonious relationships at home, at work, and in the world.

Reinventing Richard Nixon Daniel E. Frick, 2008 Examining Nixon's autobiographies and political memorabilia, Frick offers far-reaching perceptions not only of the man but of Nixon's version of himself contrasted with those who would interpret him differently. He cites reinventions of Nixon from the late 1980s, particularly the museum at the Richard Nixon Library and Birthplace, to demonstrate the resilience of certain national mythic narratives in the face of liberal critiques. And he recounts how celebrants at Nixon's state funeral, at which Bob Dole's eulogy depicted a God-fearing American hero, attempted to bury the sources of our divisions over him, rendering in some minds the judgment of redeemed statesman to erase his status as disgraced president. With dozens of illustrations, Nixon posing with Elvis, the National Archives' most requested photo, Nixonian cultural artifacts, classic editorial cartoons, no other book collects in one place such varied images of Nixon from so many diverse media. These reinforce Frick's probing analysis to help us understand why we disagree about Nixon and why it matters how we resolve our disagreements. BOOK JACKET
