A Companion to Terence Antony Augoustakis, Ariana Traill, 2013-05-03 A comprehensive collection of essays by leading scholars in the field that address in a single volume several key issues in interpreting Terence offering a detailed study of Terence's plays and situating them in their socio-historical context as well as documenting their reception through to present day The first comprehensive collection of essays on Terence in English by leading scholars in the field Covers a range of topics including both traditional and modern concerns of gender race and reception Features a wide ranging but interconnected series of essays that offer new perspectives in interpreting Terence Includes an introduction discussing the life of Terence its impact on subsequent studies of the poet and the question of his ethnicity **Theaters of Error** Pascale LaFountain, 2018-04-17 This book offers provocative readings of canonical Enlightenment dramas that reflect and shape the period's changing understanding of error With striking interdisciplinary connections to theater treatises as well as works from the philosophical legal and medical discourses it tracks the relocation of error from the moral to the physical realm a movement that begins with Lessing and continues through the turn of the nineteenth century Featuring detailed analyses of Lessing's *Minerva* Sara Sampson Diderot's *Le Fils naturel* Schiller's *Die Räuber* and Kleist's *Die Familie Schroffenstein* alongside rich close readings of diverse primary sources ranging from previously untranslated acting treatises by Sainte-Albine and Engel to texts from the German *Archiv des Criminalrechts* this study introduces the reader to new Enlightenment sources and compellingly concludes that ultimately it is no longer evil but rather bodily irregularities and mistakes in reading the body that become the driving principle of Enlightenment drama **British Museum Catalogue of Printed Books**, 1891
