Stephen V. Estopinal, Wendy Lathrop

Real Property Information System Specialist:

Professional Surveyors and Real Property Descriptions Stephen V. Estopinal, Wendy Lathrop, 2011-07-22 The only modern guide to interpreting and writing real property descriptions for surveyors Technical land information is no longer the exclusive domain of professional surveyors The Internet now houses a multitude of resources that nontechnical professionals such as attorneys and realtors access and implement on a daily basis However these professionals are trained in aspects of law and commerce that do not provide the proper education and experience to interpret and evaluate their land boundary information discoveries correctly As a result their analysis is often erroneous and the data misapplied ultimately leading to confusion and costly litigation Professional Surveyors and Real Property Descriptions attempts to bridge the ever widening gap between the users of land boundary information and the land surveyors who produce it An expert team of authors integrates the historic and legal background of real property interests with fundamental concepts of the surveying profession in a manner accessible for average readers These provide the basics for both properly comprehending older descriptions and competently constructing complete and modern real property descriptions that foster better communication Highlights in this book include An in depth exploration of historic descriptions and how to read them Coverage of the widely accepted ALTA ACSM Land Boundary Survey standards and associated property descriptions A diverse collection of examples and practice scenarios An overview of the latest issues related to the use of GPS and GIS Written in easy to understand language this practical resource assists nontechnical professionals in understanding exactly what a surveyor does and does not do and serves as a valuable tool for obtaining the most satisfactory accurate and complete real property descriptions *Land Information Systems* ,1978 *Land Information Systems* United States.
