Andrew Wright

Realism And Christian Faith God Grammar And Meaning:

Realism and Christian Faith Andrew Moore, 2003 The author challenges recent understandings of the relationship between science and Christianity and argues for a conception of realism according to which God's independent reality is shown principally in Christ and on this basis through Christian practices and the lives of Christians

Realism and Christian Faith Andrew Jonathan Moore, 1998

Realism and Religion Michael Scott, 2017-09-29 This book draws together a distinguished group of philosophers and theologians to present new thinking on realism and religion The religious realism antirealism debate concerns the questions of God's independence from human beings the nature of religious truth and our access to religious truths Although both philosophers and theologians have written on these subjects there has been little sustained investigation into these issues akin to that found in comparable areas of research such as ethics or the philosophy of science In addition the absence of any agreed approach to the problem underlines both the need for fresh thought on it and the fruitfulness of this area for further research The editors introduction sets the context of the realism debate traces connections amongst the essays which follow and proposes lines for future development and enquiry The contributors present a variety of contrasting positions on key issues in the religious realism debate and each opens up new and important themes Gordon Kaufman Peter Lipton and Simon Blackburn provide the opening chapters and the context for the collection Alexander Bird John Hare Graham Oppy and Nick Trakakis Merold Westphal and John Webster explore topics that are central to the debate This volume of original essays will both introduce newcomers to the field and suggest new lines of research for those already familiar with it

Glaube in Karl Barths 'Kirchlicher Dogmatik' Juliane Schüz, 2018-10-08 In dieser Studie wird zum ersten Mal eine systematische Analyse des menschlichen Glaubens in Karl Barths Kirchlicher Dogmatik vorgelegt Barths Theologie wurde häufig vorgeworfen dass sie diesen Topos marginalisiere Demgegenüber weist Juliane Schüz die zentrale Rolle des Glaubens in Barths dogmatischer Methodologie sowie in dessen eigentümlicher Verschränkung von Christologie und Anthropologie nach So wird im Querschnitt durch Barths Dogmatik ein vielseitiges Bild des Glaubensvollzugs gezeichnet Einerseits birgt der Glaube als menschliche Tat die irreduzible Dimension von Geschichtlichkeit und Freiheit sowie die Möglichkeit seiner Verkehrung in der Religion Andererseits ist der Glaube ebenso göttliche Tat extra nos und nur analogisch als eine dem Menschen zukommende Partizipation in Christus zu verstehen Die Studie zeigt unter Aufnahme der dialektischen Grundentscheidung Barths wie Barth die exzentrische Konstitution und Bestimmung des Glaubens mit dessen aktiver subjektiver Aneignung durch Deutungen vermittelt In der Weiterführung der Barthschen Konzeption entwickelt Schüz eine jenseits der etablierten Alternativen stehende neue Perspektive in der religionsphilosophischen Debatte um den Deutungsbegriff

Religious Education and Critical Realism Andrew Wright, 2015-11-19 Religious Education and Critical Realism Knowledge Reality and Religious Literacy seeks to bring the enterprise of religious education in schools colleges and universities into conversation with the philosophy of Critical Realism This book addresses the problem not of the substance of

our primal beliefs about the ultimate nature of reality and our place in the ultimate order of things but of the process through which we might attend to questions of substance in more attentive reasonable responsible and intelligent ways This book unpacks the impact of modern and post modern thought on key topics whilst also generating a new critically realistic vision Offering an account of the relationship between Religious Education and Critical Realism this book is essential reading for students scholars and practitioners interested in philosophy theology and education **A Companion to Anglican**

Eucharistic Theology Brian Douglas,2011-11-25 Anglican eucharistic theology varies between the different philosophical assumptions of realism and nominalism This book presents case studies from the Reformation to the Nineteenth Century and avoids the hermeneutic idealism of particular church parties by critically examining the Anglican eucharistic tradition

Introduction to Spirituality (Foundations for Spirit-Filled Christianity) Gary Tyra,2023-06-20 This introduction explores Christian spirituality as a pursuit of the global church today It encourages students to adopt a lifestyle spirituality which involves relational intimacy with the triune God Gary Tyra is well known for his work in the field of Christian spirituality and has years of experience in the classroom and in the church In this book Tyra encourages us to adopt a Pauline lifestyle spirituality whereby we keep in step with the Holy Spirit so that we might experience an ongoing mentoring relationship with the Son in order to faithfully and fruitfully engage in the mission of the Father Keeping in step with the spirit unfolds in a lifestyle spirituality a collection of convictions commitments and customs that constitute the disciple s lifelong journey with the triune God This book is part of a new series that reflects the changing face of global Christianity Series volumes are written by leading Pentecostal Charismatic scholars who highlight themes of interest to Pentecostal Charismatic students however the books are respectful appreciative and inclusive of a variety of church families and traditions Series editors are Jerry Ireland Paul W Lewis and Frank D Macchia **The Realist Hope** Dr Christopher J Insole,2013-05-28 Taking into

consideration analytical continental historical post modern and contemporary thinkers Insole provides a powerful defence of a realist construal of religious discourse Insole argues that anti realism tends towards absolutism and hubris Where truth is exhausted by our beliefs about truth there is no conceptual space for doubting those beliefs only a conception of truth as absolute given and accessible can guarantee the very humility sense of fallibility and sensitivity to difference that the anti realist rightly values Cutting through some of the tired and well rehearsed debates in this area Insole provides a fresh perspective on approaches influenced by Wittgenstein Kant and apophatic theology The defence of realism offered is unusual in being both analytically precise and theologically sensitive with a view to some of the wider and less well explored cultural ethical and political implications of the debate *Heidegger's Phenomenology of Religion* Benjamin D. Crowe,2008

Throughout his long and controversial career Martin Heidegger developed a substantial contribution to the phenomenology of religion In Heidegger s Phenomenology of Religion Benjamin D Crowe examines the key concepts and developmental phases that characterized Heidegger s work Crowe shows that Heidegger s account of the meaning and structure of religious

life belongs to his larger project of exposing and criticizing the fundamental assumptions of late modern culture. He reveals Heidegger as a realist through careful readings of his views on religious attitudes and activities. Crowe challenges interpretations of Heidegger's early efforts in the phenomenology of religion and later writings on religion, including discussions of Greek religion and Hölderlin's poetry. This book is sure to spark discussion and debate as Heidegger's work in religion and the philosophy of religion becomes increasingly important to scholars and beyond.

Philosophical and Ideological Voices in Education Gerald Lee Gutek, 2004. Philosophical and Ideological Voices in Education contains clearly written analyses of major philosophies, ideologies, and theories of education and includes a primary source selection representative of each topic treated in the book. Each chapter addresses the nature, principles, and applications of each philosophy, ideology, and theory to education, schooling, and curriculum and instruction. The book provides a philosophical and ideological grid that helps students locate, analyze, and criticize the leading ideas in the theoretical foundations of education.

Publisher description: **Bibliographie de la philosophie**, 2002. The Existence of God Stig Børksen Hansen, 2010. This study breaks new ground on the question of the existence of God. It innovatively combines biblical scholarship with an analysis of existence drawn from the writings of the philosopher Gottlob Frege. It shows that the strength of Frege's approach is its emphasis on the notions of proper name and predicate; this in turn sheds new light on important elements of theological language. Finally, the Fregean approach in this book is defended against objections drawn from readings of Ludwig Wittgenstein's *Tractatus Logico-Philosophicus*.
