Realism And The Romance Nathaniel Hawthorne Henry James And American Fiction Nineteenth Century Studies:

Realism and the Romance Elissa Greenwald, 1989 **Writers of the American Renaissance** Denise

Knight, 2003-12-30 The American literary canon has undergone revision and expansion in recent years and our notions of the 19th century renaissance have been reevaluated Mainstream anthologies have been revised to reflect the expanding literary canon yet resources for readers have remained widely scattered This book expands earlier definitions of the 19th century American Renaissance as represented by canonical writers such as Emerson and Poe covering writers who published popular fiction and dominated the literary marketplace of the day Included is generous coverage of women writers and writers of color The volume provides alphabetically arranged entries for more than 70 writers of the period including Louisa May Alcott Emily Dickinson Frederick Douglass Margaret Fuller Nathaniel Hawthorne Herman Melville Harriet Beecher Stowe Henry David Thoreau Walt Whitman and many more Each entry was written by an expert contributor and includes a brief biography a discussion of major works and themes a survey of the writer's critical reception and primary and secondary bibliographies

The Art of Authorial Presence Gary Richard Thompson, 1993 The critical literary world has spent a wealth of thought and words on the question of Hawthorne himself Where does he stand in his works In history In literary tradition In this major new study G R Thompson recasts the Hawthorne question to show how authorial presence in the writer's works is as much a matter of art as the writing itself The Hawthorne who emerges from this masterful analysis is not as has been supposed identical to the provincial narrator of his early tales instead he is revealed to be the skillful manipulator of that narrative voice an author at an ironic distance from the tales he tells By focusing on the provincial tales as they were originally conceived as a narrative cycle Thompson is able to recover intertextual references that reveal Hawthorne's preoccupation with framing strategies and variations on authorial presence The author shows how Hawthorne deliberately constructs sentimental narratives only to deconstruct them Thompson's analysis provides a new aesthetic context for understanding the whole shape of Hawthorne's career as well as the narrative ethical and historical issues within individual works Revisionary in its view of one of America's greatest authors The Art of Authorial Presence also offers invaluable insight into the problems of narratology and historiography ethics and psychology romanticism and idealism and the cultural myths of America

Magical Realism Lois Parkinson Zamora, Wendy B. Faris, 1995 On magical realism in literature *The Half-vanished Structure* Magnus Ullén, 2004 This book takes issue with the tendency in twentieth century Hawthorne criticism to blur the distinction between symbolism and allegory Rejecting the long standing notion that Hawthorne is a symbolist in allegorical disguise Ullén argues that allegory is the key to understanding how religion sexuality aesthetics and politics are interwoven in Hawthorne's writings The study presents a model for allegorical interpretation of general applicability which is brought to bear on each of Hawthorne's mature romances and on the oft neglected Wonder Books written for children An unparalleled analysis of the formal intricacies of Hawthorne's writings this book is an eloquent plea

for the necessity of grounding ideological analysis in aesthetical considerations *Studies in the American Renaissance*, 1991 **A Companion to Henry James Studies** Daniel M. Fogel, 1993-01-30 This Companion to Henry James Studies which is itself a companion of Robert L. Gale's Henry James Encyclopedia presents twenty essays written specially for this volume and intended to provide both advanced students and scholars with a reference guide to Henry James studies in all or nearly all of the rich and multivariiegated dimensions of the field Pg xiii **Das kulturelle Imaginäre** Winfried Fluck, 1997

Edith Wharton Carol J. Mesmerism and Hawthorne Samuel Coale, 1998 In Mesmerism and Hawthorne Coale examines the mesmerist spiritualist craze and relates it specifically to the way in which Hawthorne wrote fiction Although many critics have discussed mesmerism as a theme in Hawthorne's work few have analyzed the use of mesmerism as an influence on the very structure and texture of that work For Hawthorne mesmerism provided a fertile circumstance complete with its sense of enchantment and the necessity of breaking its spell The powers and techniques of mesmerism offered Hawthorne a way of describing the fiction he was trying to create In effect what he described as the romance participates in the very acts of mesmerism it invokes and thematically or morally opposes **The Harper American Literature** Donald McQuade, 1993 A collection of American writers through the twentieth century The Humanities: Cultural Roots and Continuities Charlotte V. Brown, Mary A. Witt, Roberta A. Dunbar, Frank Tirro, Ronald G.
