## **Reality Quest Teens Making The Facts:**

*Reality Quest* Donna Wells, Bruce C. Morris, 2002-10-01 Today's teens grapple daily with the increasing challenges of a very complex world. Technology liberates at the same time as it constrains. Peers and the media can function as lifelines but also can contribute to confusion even despair and parents can spur a whole gamut of emotions. No wonder teens often don't know where to turn or what to do first. The rapid fire messages that bombard them from minute to minute consistently contradict one another. Be yourself. Fit in. You have all the time in the world. Grow up. *Reality Quest* begins each chapter with actual e-mail exchanges between real teens or in online jargon an IM that relates to the chapter's topic. Then essential details and supporting data provide opportunities for teens to explore the information. Tests complement each chapter helping teens discover how they fit in with what they've learned and giving them an avenue to express their thoughts and feelings. The authors also have a website that ties in with the book and invites teens to express their views. The combined use of factual data teen created IMs and other by teens for teens contributions present a unique product one that respects their intelligence and powers of reasoning and at the same time empathizes at their level. Different from story collections because the contributions included are slice of life rather than literary this book is sure to be a popular teen read. For every teen struggling with these issues and more *Reality Quest* will help them find answers throughout their journey to adulthood.

*The Publishers Weekly*, 2002      *American Book Publishing Record*, 2002      **Kliatt Young Adult Paperback Book Guide**, 2002      *Broadcasting & Cable*, 2004      **Larry Clark and Masculinity** Dirk Reynders, 2005-10-02 This book explores the visual representation of masculinity in the work of Larry Clark using this to prompt a wider conversation about the male body in visual culture and art. Infamous for his often deeply personal depictions of teenage sexuality subcultures and drug use filmmaker and photographer Larry Clark also paid close attention to male identity as revealed for the first time in this book. It explores the visual representation of masculinity in Clark's work revealing how his images of the male body differ from traditional depictions and function not only as objects of spectacle but as spectacular objects in themselves. Despite being hugely influential there has been a lack of critical attention paid to Clark's work following his celebrated photobook *Tulsa* 1971. *Larry Clark and Masculinity* is a vital contribution to research on Clark and visual and photography studies more broadly where it explores the photographer's depiction of the male subject as an object of desire. It also expands research in gender and queer studies by examining masculinity as a relational social and intercultural construct in media and society enhancing our understanding of Clark's narrative and iconographic practice while simultaneously positioning his work at the centre of the cultural discourse around male subjectivity. Drawing on an array of Clark's work including his films *Kids* and *Ken Park* as well as his photographs *Masculinity* and *Visual Culture* offers a critical re-examination of Clark's impact on visual culture and gender representation. By positioning Clark's work at the centre of the cultural discourse around male subjectivity it enhances our understanding of Clark's narrative and iconographic practice as a means of negotiating complex
