Gordon Atkinson, 2004 In December of 2002 a pastor of a small Baptist church in South Texas began posting essays on various subjects at a web log which was soon being read by thousands This is a collection of the best of his writing and includes a number of essays that were never published *Raw Edge of Purgatory* Alberta Davies, 2011-04-29 December 1989 the rebels of Charles McArthur Taylor and Prince Yormie Johnson of the National Patriotic Force of Liberia NPFL entered Liberia through neighboring country Ivory Coast C te d Ivorie via way of Saniquellie Nimba County northern part of the country bordering the republic of Ivory Coast C te d Ivorie *7 Laws of Human Nature* Conrad Spainhower, 2017-04-27 The Physics of Love Our goal in life should be to attain Enlightenment but at the same time we should never make Enlightenment our goal It is through acts of love that we attain Enlightenment it comes as a reward for living a life of love It is through understanding love and demonstrations of love that brings Enlightenment just as planting a seed and giving it sunlight and water brings forth flowers This is the science of love and its just as exacting as any other science The 7 Laws of Human Nature is a philosophy of life explaining how love works through laws hypotheses and logic to reach a Theory of the Oneness of Universal Love This philosophy gives an understanding of where we are going and the process of how we get there [From New York City to the World - Lets Remind Ourselves](#) Daniela Hoeche, 2010-05-03 It doesn t matter how we look like whether we are rich or poor famous or not we all have to deal with the same emotions we all know love anger pain This book will help you to learn more about your emotions to understand and control them Because when you don t understand yourself how should others do When you can t face yourself how will you face others And when you don t believe in yourself how should others do Impossible just exist when you have given up believing in the possible You can control your emotions and use them to your advantage like successful people do or your emotions control you Life is not about finding yourself it s about creating yourself This book is a book everybody can identify with and that makes it to something normal and so special at the same time You will remind yourself where life is about A wonderful journey which will change your life it

will make a change because you will change But changes are good aren t they Teacup Daddy L C Cloud,2006-09 TEACUP DADDY It s a familiar story Boy meets Girl Boy meets Girl s girl Boy falls in love with the Girls A match made in heaven Anthony and Lilly seemed to have the ideal life He was diligent sincere an excellent scholar an ambitious businessman and a quick study as a father She was attractive hard working a good mother and a loving wife Bonding them together and occasionally blasting shrapnel at them is their usually adorable baby girl To outsiders they had it made Up until the discovery they both thought so as well How could it go so wrong What treachery and betrayal would be uncovered Life throws together a little girl newlyweds an amoral ex and a vixen Each of those lives are changed forever in unanticipated ways Find out how Boy and Girl make out while little girl discovers what a world of difference a good daddy can make The laws of Human nature Unity of Universal love ,2023-12-22 Introduction A life of Healing a life of Health A life worth living is a life of Wealth I have practiced over 25 years as a chiropractor and I have learned that most people come to me to treat their pain I m sure that most doctors and therapists have the same experience people want to receive a treatment that will cure their illness As I treat my patients I m also analyzing how their problem was created I m looking at various factors like diet lack of exercise injurious repetitive movements or anything else that could provoke the problem I m trying to get the patient to take responsibility for their problem and help me with their treatment It appears that I m treating their physical illness but over the years I have come to a new realization that a person s emotional mental and spiritual side can also affect their health The reality of the situation is that we can t separate an illness into a physical emotional mental or spiritual ailment because everything works together I now understand that attitudes play an essential role in our health and wellbeing Attitudes have characteristics that are physical emotional mental and spiritual In psychology attitudes are labeled as behavioral physical affective emotional and cognitive mental In this book attitudes have a spiritual side as well attitudes will have a positive spiritual value or a negative spiritual value Attitudes that bring people together and unite them has an energy with a positive spiritual value and attitudes that are divisive and cause separation has a negative value If we have attitudes with a negative spiritual energy then they will cause illness physical illness mental illness and emotional illness We need to adopt attitudes with a positive spiritual energy if we want to stay healthy and grow spiritually Spiritual growth is there for all of us but we have to make the effort no one can make us grow spiritually Looking for someone to cure our ills is a short term proposition the long term cure is when we discover what is causing us harm and create a healthy lifestyle The 7 Laws of Human Nature is a scientific philosophical study into the human consciousness the 7 chakras and the human aura We use theories to make sense about what we are observing in life to explain ideas and interpret facts The 1st chapter is the Theory of the Oneness of Universal Love which will present 7 hypotheses These hypotheses will present facts and suppositions of facts which will be followed up by a theory This is all happening on four energy levels physical emotional mental and spiritual Life on Earth has to have a reason our lives aren t an accident and this book presents a logical theory on the how and why of life This is a book
