Reappearance Of Christ In The Etheric:

The Reappearance of Christ in the Etheric Rudolf Steiner, 2022-03-01 Since the coming of Gautama Buddha Eastern mystics have spoken especially about a future condition when earth will be bathed in a moral etheric atmosphere Ever since the time of the ancient rishis they had hoped that this moral impulse would come to earth from Vishva Karman or from Ahura Mazda as Zarathustra proclaimed Eastern mysticism foresaw that this moral atmosphere would come to earth from the being we call the Christ Eastern mystics had set their hopes on the being of Christ Rudolf Steiner p 125 The first chapter of the Acts of the Apostles describes Christ s Ascension and a cloud received him out of their sight As the disciples were looking up two angels appeared and said the same Jesus taken up from you into heaven shall come again in the same way as you have seen him go Starting in 1910 Rudolf Steiner initiated a series of lectures announcing the advent of Christ s appearance in the sphere of the earth s etheric or life body This he said would begin between 1930 and 1940 but at first only a few people would be aware of it In time more and more people regardless of their religious affiliation would be infused by Christ s living presence Such Damascus experiences bespeaking a new natural clairvoyance Steiner said would become increasingly common The Christ will become a living comforter Though it may seem strange now it is nevertheless true that even large numbers of people sitting together and wondering what to do will see the etheric Christ He will be there and confer with them he will cast his word into their gathering We are approaching these times when this positive constructive element will take hold of human evolution Rudolf Steiner p 122 The lectures collected here on the second coming of Christ also contain significant related issues such as spiritual science and etheric vision the etheric vision of the future the Sermon on the Mount and the land of Shambhala the etherization of the blood the mysteries of comets and the moon Buddhism and Pauline Christianity and the three realms between death and rebirth

The Reappearance of Christ in the Etheric Rudolf Steiner, 1983 Examines photographic composition relating the photographer s ability to visualize what the camera sees to equipment capabilities lighting and film

The Appearance of Christ in the Etheric Sergei O. Prokofieff, 2012 Dedicated to the centenary of Rudolf Steiner s first proclamation of Christ s appearance in the etheric realm of the Earth this book discusses various aspects of that event that had not previously been addressed adequately Sergei Prokofieff points to three themes of primary importance all of which are connected directly with the tasks of the Society that Rudolf Steiner founded The preparation of humankind for the Second Coming Working with Christ as the Lord of Karma Recognizing in Anthroposophy the spiritual language through which questions can be posed to the etheric Christ today Prokofieff describes these and other critical undertakings such as forging a strong relationship with Michael and the importance of recognizing the adversarial forces attempting to falsify Christ s Second Coming The Appearance of Christ in the Etheric is of relevance to every individual who wishes to take an active role in fulfilling the needs of our time

The Figure of Christ Peter

Selg,2009 Yes that is the Christ This is how my spiritual eye perceived him in Palestine Rudolf Steiner speaking of his sculpted figure of Christ Rudolf Steiner referred to the wooden group sculpture of the figure of Christ surrounded by adversary spiritual beings as the centre of the first Goetheanum Steiner even told the architect of the second Goetheanum that the sculpture he made with Edith Maryon should occupy the same central position as in the first building What was Rudolf Steiner's essential aim for the sculptural group within the Mystery building he conceived and why did he regard it as the crown of the building What were Steiner's intentions and specifically what were the spiritual aims behind this remarkable depiction of Christ Rudolf Steiner described the core task of anthroposophical spiritual science as preparing for Christ's reappearance in the etheric realm The Christ he sculpted was not the possession of a specific community with a religious world view but rather a being

Across the Great Border Fault Kevin T. Dann,2000 He argues that these were expressions of the early back to nature movement whose underlying biological materialism or Naturalism was integral to American popular culture of the time

The Sophia Teachings Robert A. Powell,2007-03 Robert Powell uncovers a secret stream of wisdom that flows through the heart of Christianity the feminine principle known in Greek as Sophia the being of Holy Wisdom herself This sacred embodiment named in the Old Testament as the first living being made by God has comforted and guided seekers of truth in every age and in every human culture Powell surveys the wonders and teachings associated with this unacknowledged treasure of Christianity's mystical past a stream running from the Greek philosophers and King Solomon through the cosmic visions of Hildegard von Bingen Our Lady of Guadalupe and the relation of Sophia to Mary the mother of Christ The Sophia Teachings provides accessible and informative insights into the being of Sophia generally overlooked by modern patriarchal Christianity and misinterpreted by new age and other movements that often trivialize the meaning and purpose of this significant cosmic entity

The Time is at Hand! Yeshayahu (Jesaiiah) Ben-Aharon,2024-03-15 The twenty first century is the second middle century of the three centuries of the present age of Michael and it is the most decisive one If humanity again misses Michael's goal it will hardly be possible to recuperate from it and human evolution will be derailed for a long time The present age of Michael can therefore rightly be called the Apocalypse of the age of Michael Yeshayahu Ben Aharon In five lively challenging lectures Dr Ben Aharon offers encouraging perspectives on the apocalyptic challenges facing humanity The key Michaelic task for human beings today he says is to comprehend fully the new revelation of the etheric Christ On the success of this depends humanity's resurrection from the abyss from the grave of civilization However it can still be achieved and the time is at hand The author describes the global School of Spiritual Science's contemporary work to create a path to conscious recognition of the Christ and Michael impulses Offering numerous fresh viewpoints into the trials of our time The Time is at Hand is an essential handbook for any serious student of anthroposophy The talks from 2017 and 2022 are titled Ahrimanic Immortality the Matrix and the Technological Singularity Michaelic Immortality The Two Apocalyptic Beasts and the Mystery of the Wound Follow This Star and The Time

is at Hand *The Arcana of the Grail Angel* John Barnwell, 1999 Seldom in modern esoteric Christian scholarship do we find an author with the breadth of understanding to encompass the Eastern Central and Western Grail traditions John Barnwell in *The Arcana of the Grail Angel* synthesizes and illuminates the Grail tradition in the light of modern Spiritual Science and the works of its founder Rudolf Steiner Steiner's Western esoteric stream of Christianity creates a backdrop of historical philosophical and religious archetypes that encompass the most comprehensive esoteric Christian Cosmology available Add to this an extensive panoramic view of the historical allegorical and spiritual nature of the Grail and together we find this refreshing work and immediately recognize a must read Anthroposophical classic like the works of Guenther Wachsmuth or Sergei O Prokofieff Douglas J Gabriel from the forward *The Writings and Lectures of Rudolf Steiner* Paul Marshall Allen, 1956 **Kaspar Hauser** Peter Tradowsky, 1997 In 1828 a young boy was discovered on the streets of Nuremberg In his hand he clutched a letter directing him to some local stables where he was intended to work This young man Kaspar Hauser who could barely write his name and could speak only a few words was soon to become an international phenomenon the Child of Europe In this seminal work Peter Tradowsky addresses the mysteries surrounding Kaspar Hauser's life using the modern science of the spirit anthroposophy His analysis delves deeply into the occult significance of the individuality incarnated as Kaspar Hauser **An Introductory Commentary by Margaret Bennell and Isabel Wyatt on The Chymical Wedding of Christian Rosenkreutz, Anno 1459** Margaret Bennell, 1965 **Where Two Worlds Touch: Spiritual Rites of Passage** Gloria Karpinski, 1990-08-04 No matter where you are in your own spiritual work this book can show you how to harness the power of an experience we all share and often fear change Discover how you can learn to consciously use change as a spiritual rite of passage Illustrated with wonderful allegorical tales from all the major spiritual traditions compelling life stories and transformative exercises WHERE TWO WORLDS TOUCH shows you that even the mundane details of everyday life offer rich fuel for personal evolution *A Christian Rosenkreutz Anthology* Carlo Pietzner, Paul Marshall Allen, 1981 This unique anthology presents the life and work of Christian Rosenkreutz and his importance for our time Included are the true Rosicrucian writings *The Chymical Wedding* *The Fame and Confession of the Fraternity of the Rosie Cross* *The Secret Symbols of the Rosicrucians* Also included are important writings by Robert Fludd Thomas Vaughan Hinricus Madathanus Daniel Stolcius Heinrich Khunrath several lectures by Rudolf Steiner and a list of references to Christian Rosenkreutz by Steiner Contains extensive editorial and reference notes and an annotated bibliography **The Cosmic Christ** Hans-Werner Schroeder, 1997 The question of the cosmic reality of Christ is central to modern Christian awareness We see lively debate about Christ's nature in relation to the earth and creation not only within the Church itself but also in more speculative areas of thinking and feeling such as creation spirituality and the New Age movement The works of Teilhard de Chardin and Fritjof Capra have stimulated many to think spiritually about the created world and the part of humankind in its evolution These issues were also illuminated by Rudolf Steiner in his Christology

which placed the Incarnation at a pivotal point of earthly evolution Exploring the work of the cosmic Christ Schroeder draws upon these sources and clarifies the concepts of reality evil and the meaning of cosmic He summarizes the cosmic dimension of Christ in the New Testament and the developing consciousness of humans in relation to the Logos and examines how we are to engage personally in a natural but deeply conscious relationship with the Christ among us Hans Werner Schroeder born in 1931 is a priest of the Christian Community He teaches at the seminary in Stuttgart and is part of the leadership of this movement for religious renewal American Book Publishing Record ,2003 *A Crash Course on the New Age Movement* Elliot Miller,1989 *Inner Reading and Inner Hearing* Rudolf Steiner,2008 Two Lectures Cycles Followed by Two Christmas Lectures Dornach October 3 7 and December 12 20 1914 Dornach December 26 and Basel December 27 1914 CW 156 These two lecture courses given just after the beginning of World War I stand as a kind of unexpected gift A few months later once the war became a reality the possibilities for esoteric work would change and it would become more difficult to do spiritual research But in the short interval before the true horror of the conflict unfolded Rudolf Steiner almost by the way was able to give these lectures which lay out in the clearest fashion the path of anthroposophic meditation and its assumptions language and consequences The first lectures expand on the idea of inner reading and hearing as the path to spiritual knowing The spiritual world gives something and we as spiritual researchers receive and then read or interpret it Spiritual knowledge is not a matter of will desire or intention on our part but a gift from the spiritual world for which we must prepare ourselves by silencing our desires emptying ourselves and presenting ourselves in humility and devotion to the spiritual world Then we become aware of the reality that the spiritual world is nowhere else but here all around us and if we dissolve the sense of being skin bound we can become open to it reflect its images in our astral bodies and then learn to read them by identification Steiner describes this complex subtle existential and living process in which ultimately we can become one with the universe in a masterful way from which anyone who meditates or wishes to begin to meditate will gain a great deal The second lecture cycle How to Achieve Existence in the World of Ideas deepens the themes developed in the first cycle so that the two together provide a useful guide to the processes underlying meditation or learning to know the spiritual world At the same time because work was just beginning on the building that would become the Goetheanum Steiner connects the esoteric principles of its design with the overall theme of the suprasensory human being in relation to meditation and spiritual knowing The volume closes with two wonderful lectures in celebration of Christmas Here Steiner has a threefold emphasis Christ supraearthly glorious and divine fully united with humanity and the Earth and born in each human heart To celebrate Christmas truly means that we recognize all three of these as one in the spiritual world in the earthly world and in ourselves CONTENTS Introduction by Christopher Bamford PART I Inner Reading and Inner Hearing 1 The Human Being in Relationship to the World Dornach October 3 1914 Inner reading and inner hearing as a method of spiritual scientific research Acquiring new forms of judgment thinking sensing or feeling for the spiritual world The significance of thinking

feeling willing on the physical plane as preparation for the investigation of the spiritual world Difference between perceiving in the physical world and in the spiritual world Suppressing the self in meditation Experiences of the soul while learning inner reading Learning inner hearing 2 Identification with the Signs and Spiritual Realities of the Imaginative World Dornach October 4 1914 The physical organism as a mirror for experience in the outer world Experience of the astral body in the spiritual world reflected in the etheric body images of spiritual realities Differences between natural and trained clairvoyance Cosmic vowels and consonants 3 The Vowels and Consonants of the Spiritual World Dornach October 5 1914 Experience of the cosmic vowels Human thoughts and ideas as shadow pictures of real imaginations The beings of the hierarchy of angels
