Reason And Republicanism:

English Republicanism Besant, 1880 Official Report of the Proceedings of the ... Republican National Convention Held in , 1872 **Republicanism in America** Rolander Guy McClellan, 1879 **The Politics of HBO's The Wire** Shirin Deylami, Jonathan Havercroft, 2014-12-17 This innovative new work suggests that The Wire reflects not simply a cultural take on contemporary America but a structural critique of the conditions of late modernity and global capitalism As such it is a visual text worth investigating and exploring for its nuanced examination of power difference and inequality Deylami Havercroft bring together nine essays addressing issues of interest to a range of academic fields in order to engage with this important cultural intervention that has transfixed audiences and sparked debate within the social scientific community While the TV show is primarily focused upon the urban politics of Baltimore the contributors to this volume read Baltimore as a global city That is they argue that the relations between race class power and violence that the series examines only make sense if we understand that inner city Baltimore is a node in a larger global network of violence and economic inequality The book is divided into three interrelated sections focusing on systemic and cultural violence the rise and decline of national and state formations and the dysfunctional and destructive forces of global capitalism Throughout the series the relation of the urban to the global is constantly being explored This innovative new volume explains clearly how The Wire portrays this interaction and what this representation can show social scientists interested in race neo liberal processes of globalization criminality gender violence and surveillance **The Chartist circular, ed. by W. Thomson** Universal suffrage central committee for Scotland, 1812 **The Routledge Handbook of Criminal Justice Ethics** Jonathan Jacobs, Jonathan Jackson, 2016-07-01 The enormous financial cost of criminal justice has motivated increased scrutiny and recognition of the need for constructive change but what of the ethical costs of current practices and policies Moreover if we seriously value the principles of liberal democracy then there is no question that the ethics of criminal justice are everybody s business concerns for the entire society The Routledge Handbook of Criminal Justice Ethics brings together international scholars to explore the most significant ethical issues throughout their many areas of expertise anchoring their discussions in the empirical realities of the issues faced rather than applying moral theory at a distance Contributions from philosophers legal scholars criminologists and psychologists bring a fresh and interdisciplinary approach to the field The Handbook is divided into three parts Part I addresses the core issues concerning criminal sanction the moral and political aspects of the justification of punishment and the relationship between law and morality Part II examines criminalization and criminal liability and the assumptions and attitudes shaping those aspects of contemporary criminal justice Part III evaluates current policies and practices of criminal procedure exploring the roles of police prosecutors judges and juries and suggesting directions for revising how criminal justice is achieved Throughout scholars seek pathways for change and suggest new solutions to address the central concerns of criminal justice ethics This book is an ideal resource for upper undergraduate

and postgraduate students taking courses in criminal justice ethics criminology and criminal justice theory and also for students of philosophy interested in punishment law and society and law and ethics *The Chartist Circular* ,1841

Reason and Republicanism Gary L. McDowell,L. Sharon Noble,Sharon L. Noble,1997 An international collection of the world s most distinguished historians and political philosophers takes a fresh look at the political legal and philosophical contributions of Thomas Jefferson The insightful essays analyze and illuminate the sophisticated layers of the political and legal thought of America s most influential and intellectually complex Founder With contributors that include Elizabeth Fox Genovese Morton Frisch Paul Rahe James Stoner Robert K Faulkner John Zvesper Howard Temperly Robert A Rutland Raoul Berger Colin Bonwick Peter Parish Jeffrey Sedgwick J R Pole Richard King and Jean M Yarborough this is essential reading for historians and political philosophers

Fianna Fáil, Irish Republicanism and the Northern Ireland Troubles, 1968-2005 Catherine O'Donnell,2007 Fianna F il the Republican Party has been defined by its emphasis on partition and its ideological commitment to reunification Through its use of anti partitionist rhetoric it has been the most vociferous political party in the Republic of Ireland on Northern Ireland Its emotive and divisive response to the outbreak of the Troubles in Northern Ireland was seen most clearly in the Arms Crisis of 1970 which threatened to destroy the party and the stability of the state in the Republic However the party has also been at the centre of the Northern Ireland peace process and the attempts at reconciliation between Unionists and Nationalists and North and South Yet there has been no substantive study of Fianna F il s language ideology and policy on Northern Ireland since the outbreak of the Troubles How could The Republican Party be such a central player in the political changes in Northern Ireland Has Fianna F il changed its traditional republicanism and anti partitionism This fascinating and important new book provides an examination of Fianna F il s record on Northern Ireland since 1968 It outlines the party s response to the Troubles and its guiding principles in the search for the solution Catherine O Donnell argues that the relationship between Fianna F il and Sinn F c in is central to understanding Fianna F il s role in the peace process which began with the Fianna F il Sinn F c in talks in 1988 She investigates the implications of the peace process and the Good Friday Agreement for Fianna F il s ideology and policy on Northern Ireland and highlights the continued centrality of the relationship between Fianna F il and Sinn F c in to the peace process and politics in the Republic of Ireland As Sinn F c in make further electoral gains in the Republic of Ireland this book will be essential reading for anyone wishing to understand how Republicanism is a contested electoral resource within southern politics
