Rebecca West A Celebration:

Rebecca West, a Celebration Rebecca West, 1979 **Rebecca West, a Celebration**, 1977 Rebecca West Rebecca West, 1979 *Werke, Ausz., engl.] Rebecca West, a celebration* Rebecca West, 1977 **G. Evelyn Hutchinson and the Invention of Modern Ecology** Nancy G. Slack, 2010-01-01 Slack enjoyed full access to Hutchinson's archives and conducted extensive interviews both with Hutchinson himself and with his students, colleagues and friends. She evaluates his contributions to theoretical ecology, limnology, the study of fresh water ecosystems, biogeochemistry, population ecology and the creation of the new fields of systems ecology and radiation ecology and she discusses his profound influence as a mentor. The book also looks into his personal life which included three very different wives, a refugee baby under his care during World War II, friendships with such contemporaries as Rebecca West, Margaret Mead and Gregory Bateson and a host of colleagues and friends on four continents. Filled with information available nowhere else, this book draws a vibrant portrait of a giant in the discipline of twentieth century ecology who was also a man of remarkable personal appeal. Augustine and Literature Robert Peter Kennedy, Kim Paffenroth, John Doody, 2006-01-01 The influence of Christianity on literature has been great throughout history as has been the influence of the great Christian Augustine. Augustine and Literature explores Augustine's influence on literature from the Middle Ages to the present day and discusses the implications of expressing Augustine's religious themes both in literature and in more directly theological works. **Women in Europe between the Wars** Angela Kimyongür, 2017-11-30 The central aim of this interdisciplinary book is to make visible the intentionality behind the forgetting of European women's contributions during the period between the two world wars in the context of politics, culture and society. It also seeks to record and analyse women's agency in the construction and reconstruction of Europe and its nation states after the First World War and thus to articulate ways in which the writing of women's history necessarily entails the rewriting of everyone's history. By showing that the erasure of women's texts from literary and cultural history was not accidental but was ideologically motivated, the essays explicitly and implicitly contribute to debates surrounding canon formation. Other important topics are women's political activism during the period, antifascism, the contributions made by female journalists, the politics of literary production, genre, women's relationship with and contributions to the avant garde, women's professional lives and women's involvement in voluntary associations. In bringing together the work of scholars whose fields of expertise are diverse but whose interests converge on the inter-war period, the volume invites readers to make connections and comparisons across the whole spectrum of women's political, social and cultural activities throughout Europe. **Writing Talk** Alex Hamilton, 2012 In his long career in literary journalism, Alex Hamilton has probably met and talked in depth to more of our great writers than anyone else from the most critically acclaimed to the most hard-nosed bestsellers, from novelists to cartoonists and in every genre from Thrillers and Whodunnits to Short Stories, from Poetry to Science Fiction. This selection from a life's work gives us a stimulating and rare insight into

the minds and lives of some of the most fascinating creators of our modern culture It s a book that contains many surprises in the revelations given by some of the authors about their struggles and victories the serious or humorous commitments made by them and their addiction to the kind of fiction they like to write The reader will soon realise that no two of these eighty five featured authors such as Kurt Vonnegut Angela Carter Stephen King Daphne du Maurier Ian McEwan Jorge Luis Borges Graham Greene or Margaret Atwood are alike Splendidly informative and serious Writing Talk is also often very funny a book to dip into as the mood takes or to dive into hungrily It will appeal to those with a passion for books and for the people who have written them I ve been fortunate to talk to so many marvellous writers Gathering some of these conversations into a book rather than their brief life in a daily newspaper offers a chance for readers to share my pleasure and to introduce a new generation to some past greats says Alex Hamilton behind his reason to create Writing Talk

[British Women's Comic Fiction, 1890-1990](#) Margaret Diane Stetz,2001 This work focuses upon women who have not merely produced comic texts but used their comedies to examine laughter itself as a problematic issue Whether to embrace laughter wholeheartedly whether to do so in a cautious and limited manner or whether to forswear it entirely women s opinions and indeed feminists opinions have seldom been in accord on one answer For women writers of the 20th century a century of activism laughter has been something to be weighed carefully in terms of its ethical political and pragmatic relationship to feminist values as well as its ability or inability to help women survive

Men and Women Writers of the 1930s Janet Montefiore,2003-09-02 This book examines in detail the contribution of women writers through their memoirs fiction and poetry to the literature of the 1930s The author challenges the traditional literary analyses of this dynamic and politically charged decade
