Rebellion In Laos Peasants And Politics In A Colonial Backwater:

Rebellion In Laos Geoffrey C Gunn, 2019-06-04 A study in historical anthropology this work focusses on the world historical incorporation of Laos into a colonial capitalist system of surplus accumulation In so doing new light is brought to bear upon the non rebellious and especially rebellious responses of the majority Lao and minority montagnard population of that country at least as determined by a scrutiny of largely archival based sources The approach taken is to combine a general world system analysis with a concern for the non economic moral and ideological form of colonial and feudal domination **Geschichte, Nationsbildung und Legitimationspolitik in Laos** Oliver Tappe, 2008 Laos ist einer der letzten verbliebenen sozialistischen Ein Parteien Staaten Die seit 1975 regierende Laotische Demokratische Volkspartei zehrt bis heute vom erfolgreichen Kampf gegen die so genannten amerikanischen Imperialisten und ihre Lakaien Zunehmend wendet sie sich jedoch auch dem laotischen Kulturerbe als ideologischer Ressource zu Ausgehend von der offiziellen Geschichtsschreibung untersucht das vorliegende Buch gegenwärtige Tendenzen in der laotischen Nationsbildung und der Legitimationspolitik des Regimes Revolution, Reform and Regionalism in Southeast Asia Ronald Bruce St John, 2006-01-16 Based on research carried out over the three decades this book compares the post war political economies of Cambodia Laos and Vietnam in the context of their individual and collective impact on contemporary efforts at regional integration The author highlights the different paths to reform taken by the three neighbours and the effect this has had on regional plans for economic development through the ASEAN and the Greater Mekong Subregion Through its comparative analysis of the reforms implemented by Cambodia Laos and Vietnam over the last thirty years the book draws attention to parallel themes of continuity and change The author discusses how the three states have demonstrated related characteristics whilst at the same time making different modifications in order to exploit the unique strengths of their individual cultures Contributing to the contemporary debate over the role of democratic reform in promoting economic development the book provides a detailed account of the political economies of three states at the heart of Southeast Asia Creating Laos Søren Ivarsson, 2008 This book examines the process through which Laos came into existence under French colonial rule through to the end of World War II Here Laos's position at the intersection of two conflicting spatial layouts of Thailand and Indochina made its national form a particularly contested process Rather than analyze this process in terms of administrative and political structures the book discusses how a specific idea about a separate Lao space and its culture was formed *Historical Dictionary of the Peoples of the Southeast Asian Massif* Jean Michaud, Margaret Byrne Swain, Meenaxi Barkataki-Ruscheweyh, 2016-10-14 Dwelling in the highland areas of Northeast India Bangladesh Southwest China Taiwan Burma Myanmar Thailand Cambodia Vietnam Laos and Peninsular Malaysia are hundreds of peoples Together their population adds up to 100 million more than most of the countries they live in Yet in each of these countries they are regarded as minorities This second edition of Historical Dictionary of the Peoples of the Southeast Asian Massif contains a

chronology an introduction and an extensive bibliography The dictionary section has over 700 cross referenced entries on about 300 groups the ten countries they live in their historical figures and their salient political economic social cultural and religious aspects This book is an excellent access point for students researchers and anyone wanting to know more
