American policy and public opinion during the Gulf crisis Mueller analyzes key issues the actual shallowness of public support for war the effect of public opinion on the media rather than the other way around the use and misuse of polls by policy makers the American popular focus on Hussein s ouster as a central purpose of the War and the War s short lived impact on voting Of particular interest is Mueller s conclusion that Bush succeeded in leading the country to war by increasingly convincing the public that it was inevitable rather than right or wise Throughout Mueller author of War Presidents and Public Opinion an analysis of public opinion during the Korean and Vietnam wars places this analysis of the Gulf crisis in a broad political and military context making comparisons to wars in Panama Vietnam Korea and the Falklands as well as to World War II and even the War of 1812 The book also collects nearly 300 tables charting public opinion through the Gulf crisis making Policy and Opinion in the Gulf War an essential reference for anyone interested in recent American politics foreign policy public opinion and survey research *U.S. Interests in and Policy Toward the Persian Gulf* United States. Veliotis, 1982 **American Persian Gulf Policy After the Gulf War** Daniel F. Redmond, 1992 American policy in the Persian Gulf since the end of the Gulf war has dangerously overemphasized military instruments to protect United States interests in the region This military focus suggests that threats to American interests are external and visible At the same time it neglects the challenges posed to U S interests by internal political upheaval in the pro American regimes of the Gulf Cooperation Council and ignores the societal disruptions associated with modernizing societies Despite their considerable oil wealth these polities will be increasingly vulnerable to instability if the regimes in power continue their monopoly on political power Moreover the highly visible and active presence of American armed forces in the Gulf today intensifies the perception of the U S as an imperial super power and unknowingly threatens to undermine the stability of the GCC states by providing opposition groups with a powerful symbol with which to challenge the political status quo Persian Gulf War U S Persian Gulf Policy Gulf Cooperation Council GCC Political Development in Arabian Peninsula Modernization in Arabian Peninsula *The Clouded Lens* James H.
