Amazon Natalie Berg, Miya Knights, 2021-11-03 Amazon one of the world's most valuable companies is worth more than Walmart Netflix Target Nike and Costco combined What are the secrets to its success How can these insights be applied to other businesses in the e-commerce sector The retail industry is facing unprecedented challenges Across all sectors and markets retailers are shifting their business models and customer engagement strategies to ensure they survive Amazon offers unique insight into the company's persistent dissatisfaction with the status quo and innovation and how it has fundamentally changed the ways in which we shop This fully updated second edition explores Amazon's response to the coronavirus pandemic the convergence of physical and digital retail e-commerce economics and sustainability as well as future policy implications Written by industry leading retail analysts and with the first edition now translated into more than a dozen languages Amazon is an invaluable resource for discovering the lessons that can be learned from the company's unprecedented rise to dominance

Retailing Denise T. Ogden, James R. Ogden, Robert Paul Jones, 2017-08-02 Light on the fluff solid on the basics the fourth edition of Retailing is a concise text that covers strategic issues with an eye on financial considerations and operations management issues illustrated through retail cases and exercises New co-author Robert Paul Jones is Department Chair of Hospitality and Retail Management in the College of Human Sciences at Texas Tech In addition to his extensive academic work Dr Jones has over 25 years of executive leadership and consulting experience in retail and hospitality He uses an Integrated Retail Management flow chart to depict retail functions Most retail texts present students with a series of chapters that provide useful information but fail to explain how the various activities involved in retailing affect each other The 4th edition offers the student an overview of the retail process through the use of an integrated retail management IRM plan The steps involved in retailing as presented in the text are tied together through the IRM plan Expanded coverage of Mobile and e-Tailing and included throughout the text and not treated as a stand-alone chapter This helps emphasize that e-tailing is a form of retailing that uses many of the same models as other forms Includes updated cases and real world examples And omni-channel retailing incorporated throughout text

TA-Q-BIN Qizhang Liu, Mark Goh, 2015-10-16 This book reveals the secrets of Yamato Transport's success in maintaining and extending its leadership in Japan's domestic parcel delivery market It presents six cases that illustrate how Yamato's flagship service TA Q BIN has evolved since the 1970s to the benefit of consumers particularly urban dwellers and how TA Q BIN has become an integral part of Japanese daily life Each of the six unique cases serves as an independent teaching case for undergraduate and graduate students describing the particular service design operations management innovation supplier management and social responsibility within the context of an Asian last mile logistics service provider The book also includes insightful presentations of the challenges facing supply chain and logistics service providers in Asia and their innovative responses to these challenges using real world cases Besides featuring interviews with Yamato's key stakeholders and their strategic

clients Japan based and other Asia Pacific Yamato operational centers make up the field method included in this book while secondary data is drawn from trade and academic domains Some of the cases are written in a didactic fashion with suitable stopping points for students to pause and deliberate over the managerial issues confronting the decisions that Yamato makes during the course of its business and operational strategies The results are particularly useful to readers interested in how operations and logistics decision making are practiced in a homogeneous Asian context and in an urban environment This book is essential reading for undergraduate and MBA students as well as practitioners in industry
