Playing Their Part Language And Learning In The Classroom:

Exploring Play in the Primary Classroom Gill Beardsley, Penelope Harnett, 2013-11-26 First Published in 1999 This innovative series is an ideal means of supporting professional practice in the post Dearing era when a new focus on the quality of teaching and learning is possible The series promotes reflexive teaching and active forms of pupil learning Using a number of case studies this book explores the authors fascination for the ways in which children use imaginative play to explore their ideas about the world In pretend play and drama activities they often re enact their experiences coming to terms with cognitive challenges which they might not otherwise resolve *Multilingualism in Mathematics Education in Africa* Anthony A. Essien, 2023-12-14 This book brings together the first book collection of African research in mathematics education in multilingual societies and chronicles current research in different linguistic contexts across the African continent including Algeria Namibia Malawi Morocco Rwanda South Africa on issues of multilingualism in mathematics education but more importantly it foregrounds pertinent issues for future research With many of the authors building on earlier path breaking African research the book is a unique contribution of careful thinking through how linguistic diversity and multilingualism manifest in ways that differ from one geopolitical context to another This volume is an important contribution to the growing recognition of multilingualism as the global linguistic dispensation in mathematics education It is an invitation to how we might as an international community where more and more multilingualism is the norm rather than an exception pay more attention to the multilingual agency and capabilities of both students and teachers in order to better harness the epistemic potential of multiple languages in contexts of language diversity in mathematics education

Struggling for Autonomy in Language Education Flávia Vieira, 2009 Pedagogy for autonomy is a continuous struggle for transformative and empowering education That struggle entails reflecting on what fosters or hinders teacher and learner development acting towards challenging and reshaping oppressive forces and circumstances and being willing to deal with complexity uncertainty and risk taking without losing one's hopes and ideals Our main purpose is to present and discuss ways in which critical reflecting acting and being emerge in contexts of teaching and or teacher education not as realisations of a grand theory of pedagogy for autonomy but rather as local idiosyncratic struggles to grasp and enhance the meanings that autonomy may not take in diverse educational settings Although from different angles the chapters highlight the central role of teacher and learner development as interrelated aspects of pedagogy for autonomy in language education
