Real Prosperity Gene A. Getz,1990      **Godly Living with Contentment for Every Christian** Malcolm J.

Borden,2016-05-18 Discover how the Holy Spirit s vital and unique role in God s design for the New Testament Church impacts the stewardship of our life Whether our material resources talents and abilities or time the Christian needs to depend totally upon the permanently indwelling Holy Spirit for direction and enablement Is tithing as practiced in the Old Testament the norm for Christian giving today Discover Gods New Testament principles precepts and directions as they related to the Christians stewardship responsibilities and how they are distinct from Gods plan for Israel Learn how a consistently literal approach to Scripture helps us clearly define biblical stewardship and identify our distinct stewardship obligations during this Church age      **The Ministry of Development** Cfre Frank,2010-09 The Ministry of Development provides the 101 course for development professionals who are just getting started or want a ready reference for the scope of their work Dr John R Frank describes the work provides a biblical underpinning for those carrying out this work in a ministry context provides proven theory and practice for how the work might be carried out and provides a gateway of references for those wanting to grow in the profession John Frank is passionate about stewardship He studies teaches and consults on stewardship and believes it is the key to a holistic approach to life for individuals and organizations A nationally and internationally recognized speaker and teacher John s expertise includes stewardship leadership nonprofit organizations as well as biblical training in various topics He speaks with churches ministry leadership boards and retreats His life experience includes ministry in 23 countries pastor of worship teaching stewardship in third world countries evangelistic outreach behind the Iron Curtain as well as church leadership He consults with and provides training for many ministries ranging from start ups to those with 100 million annual budgets He has authored numerous articles on stewardship development and leadership His second book *The Monthly Partner* was published in 2005 He was also a contributing author to *Revolution in Generosity* as well as having contributed to *From Soup a Sermon to Mega Mission A Guide to Financing Rescue Missions* To Contact Dr John R Frank CFRE JohnRFrank TheFrankGroup us www TheFrankGroup us      *The Pursuit & Acquisition of Health & Wealth* Gerard Jacobs,2012-04-30 The pursuit and acquisition of health and wealth are part of the worldview that drives Singaporean society It encompasses a strong work ethic in the pursuit to modernise and be a key player in the global economy Health and wealth are defined in terms of an individuals well being in the sense of good health and a continued assurance of material provision and security This worldview stems from a syncretism with non Christian religions that have reconceptualised themselves with the socioeconomic and political goals of Singaporean society Subsequently they continue to be the authentic expression of the noblest longings of people that have become symbiotic with their daily expressions shaping their history and culture The book attempts to show that while Pentecostal and Charismatic Christianity have played a significant role in the growth of contemporary Singaporean churches it has inadvertently presented a gospel that appeals

to the deeply embedded dominant religious secular worldview of its society in the context of health and wealth **Shekels, Dollars, & Sense** Dennis O. Wretling, 2007-02-19 The Bible presents a seemingly inconsistent teaching on financial stewardship This apparent confusion is reflected in sermons books and journal articles Advocates abound for 1 tithing for 2 tithing plus giving for 3 no tithing but gracious giving Church leaders clearly need money but how to convince the people in the pews to be faithful stewards of God with their finances remains allusive If they preach tithing some may balk at the Old Testament basis for the doctrine If they proclaim that tithing is a Christian duty and a starting point only for genuine giving others may claim that they are New Testament Christians and live under grace not law If they present no definitive teaching about the Bible and money adequate finances may not be given At the heart of the problem lies the need to clarify the biblical doctrine of financial stewardship This book attempts that goal The author investigates the tithing patterns of the Old Testament prior to the giving of the Mosaic Law and within the Mosaic Law With these matters clarified he then shines the light on intertestamental Judaism and the passages in the Gospels that mention tithing as part of the Old Testament economy A remarkable consistency is discovered at the level of biblical theology Finally the New Testament Church giving patterns are thoroughly investigated beginning with the early Jerusalem Church and extending throughout the known world Continuity and discontinuity appear continuity in biblical theology and discontinuity in custom and legal requirements between the Old and New Testaments The biblical doctrine of financial stewardship and the divine mandate for the Christian become clear The last two chapters of the book transfer the biblical teaching to the 21st century American church scene Theological and practical considerations are presented without trying to legislate solutions Quick Scripture Reference for Counseling Men Keith R.
