## **Real Politics At The Center Of Everyday Life:**

Real Politics Jean Bethke Elshtain, 2000-03-10 One of America's foremost public intellectuals Jean Bethke Elshtain has been on the frontlines in the most hotly contested and deeply divisive issues of our time Now in *Real Politics* Elshtain gives further proof of her willingness to speak her mind courting disagreement and even censure from those who prefer their ideologies neat At the center of Elshtain's work is a passionate concern with the relationship between political rhetoric and political action For Elshtain politics is a sphere of concrete responsibility Political speech should therefore approach the richness of actual lives and commitments rather than present impossible utopias In her essays Elshtain finds in the writings of Václav Havel Hannah Arendt and Albert Camus a language appropriate to the complexity of everyday life and politics and she critiques philosophers and writers who distance us from a concrete embodied world She argues against those repressive strains within contemporary feminism which insist that families and even sexual differentiation are inherently oppressive Along the way she challenges an ideology of victimization that too often loses sight of individual victims in its pursuit of abstract goals Elshtain reaffirms the quirky and by no means simple pleasures of small town life as a microcosm of the human condition and considers the current crisis in American education and its consequences for democracy Beyond exploring the details of political life over the past two decades *Real Politics* advocates a via media politics that avoids unacceptable extremes and serves as a model for responsible political discourse Throughout her diverse and insightful writings Elshtain champions a civic philosophy that tends to the dignity of everyday life as a democratic imperative of the first order Jean Bethke Elshtain is a person of rare intellect The moral wisdom that pervades these essays reminds us that when all is said and done politics is about the life and death of real people who are anything but abstractions Her erudition is remarkable but equally stunning is her eye for the significant What she is so good at is helping us see the moral and political significance of the everyday Stanley Hauerwas Duke University *Real Politics* serves as a forceful reminder that Jean Elshtain has been dealing with the real world in twenty five years of powerful essaying Transcending ideological categories she writes out of hope that human beings can enjoy those capacities of reason and faith which make them human It is a pleasure to be reintroduced to her sustained intelligence Alan Wolfe Boston University      *The Just War Tradition* J. Daryl Charles, David D. Corey, 2014-03-11 Politicians pundits and scholars have cited the principles of just war to defend military actions from Iraq to Afghanistan to Libya Other politicians pundits and scholars have cited just war principles to condemn those same military interventions How can the same tradition lead to such sharply opposing conclusions What is the just war tradition and why is it important today Authors David D Corey and J Daryl Charles answer those questions in this insightful exploration A fascinating blend of history theology and political philosophy *The Just War Tradition* An Introduction traces the development of the tradition from its inception nearly two millennia ago Corey and Charles illuminate how the various voices within the tradition from Augustine and Aquinas to Luther and Calvin to Suarez and Locke up to present day commentators relate to one

another and to rival ways of understanding war and peace      The Audience in Everyday Life S.
