Real Women Love Footy:

Greek, Actually Penny Mackieson, Penny Zagarelou-Mackieson, 2023-10-26 All I've ever wanted is the deep sense of belonging associated with knowing and being connected with who and where I've come from Penny Zagarelou Mackieson always knew she was adopted But she didn't know she was swapped at birth After a lifetime grappling with issues of identity and belonging outlined in her earlier book *Adoption Deception* Penny discovered that her natural mother according to her adoption records is genetically unrelated to her Penny's family reunion of two decades was based on falsehoods Her ancestry is Greek not Celtic Anglo as she was led to believe So begins Penny's new quest to learn about her origins She confronts a shocking legacy of babies misidentified in the heyday of Australia's forced and closed adoptions and appalling medical record keeping meaning many adoptees may never know their true origins Penny's quest leads her to court seeking legal recognition of her true identity involving her de-adoption termination of the Adoption Order imposed on her in infancy This remarkable story of one woman's determination to uncover the truth and restore her dignity reveals human rights violations inherent in adoption Penny questions continuing laws and practices that cement stigmatising secrecy and harm adopted people arguing for wide reaching reforms We share Penny's rollercoaster of emotions as facts are revealed court orders made records sought and corrected and travel planned and thwarted We see Penny persist in the face of numerous hurdles and learn about those who help her This inspiring heartfelt book is gripping to read and impossible to ignore it is neither logical nor fair that the natural identity and name of a child adopted in Victoria is legally cancelled and replaced with fictitious kin relationships years before they are in a position to make an informed choice about their preferred identity and the ramifications for their descendants

Adoption Deception Penny Mackieson, 2016-01-01 Have you ever wondered how it might feel to have been adopted in Australia during the pre 1980s era in which vulnerable young mothers were coerced into relinquishing their babies How it might feel to have grown up become a social worker and worked with vulnerable children and families How it might have felt to hear Australian Prime Minister Julia Gillard's moving speech in March 2013 which apologized to the hundreds of thousands of people affected by the unethical adoption policies and practices prior to the 1980s and vowed to ensure that such practices are never repeated How it might have felt to hear the announcement made only nine months later by new Prime Minister Tony Abbott who had given his party's support to the Gillard Apology of his intention to expand and expedite intercountry adoptions by Australians How could someone in such a position respond to the re-popularization and deregulation of adoption in Australia This book provides answers to those difficult questions *Adoption Deception* presents the personal and professional reflections of Penny Mackieson an Australian adoptee and social worker on issues associated with adoption many of which are shared with donor conception and surrogacy For anyone with an experience of or interest in adoption whether personal or professional who is open to perspectives other than those selectively portrayed by populist mainstream media this book will provide invaluable insights *Girl V the World: Things I*

era where the power forward was fading from the game A five time all Australian he topped the AFL goal kicking three times in his 270 game career and kicked the ton twice his first in the Essendon Premiership season of 2000 Born into a football family it was clear early in his career that he had the ability to surpass his father John s 29 games with Carlton For a while it looked he would head to Carlton as well but Essendon conjured up a complex deal to secure the talented 16 year old in the 1994 pre season draft Brothers Simon and Brad each played football too and are now involved with the Fremantle Football Club and sister Kylie works on The Footy Show at Channel 9 His mother Bev even met his father at the football Sport and in particular football was and remains in the blood This book is the story of a kid driven by a fear of failure to climb the highest peaks in football Of a young footballer who taught himself a process to become the most accurate shot for goal in the AFL after a tirade from one of his coaches It is how a boy with natural ability became the captain of the Essendon Football Club a premiership player and a life member of the AFL And now it is about the transformation into devoted father and a multi media expert on AFL when it looked like from the outside his career was cut short before its time of a testy relationship with his final coach and the bone crunching hit that saw him finish his time as a player on suspension It looks at how he considered a future with other clubs before deciding to retire on his terms Above all it is a brutally honest account of an astonishing career from a man who is a straight shooter in more ways than one
