Reason And Justice:

Reason, Justice and Common Sense Leonard/A Semas,2009-10 Form and Reason Edward C. Halper,1993-01-01 This book uses the study of philosophical texts to raise and explore metaphysical issues On one level each essay addresses a scholarly issue in a classical text often a text of Aristotle s On a deeper level the issues Halper considers are metaphysical However unlike thinkers who have brought linguistic analysis and contemporary metaphysical notions to these texts Halper approaches them to find their formulations of issues and their strategies of pursuit Halper is not concerned with the defense of metaphysical commitments but with finding and exploring paths of metaphysical inquiry The essays in this volume are exploratory and exegetical rather than decisive Their contribution to metaphysics lies in the issues they raise the methods they explore and their conception of metaphysics as a discipline rooted in philosophical problems Public and Private Maurizio Passerin D'Entrèves,Ursula Vogel,2005-08-11 The public and private distinction is essential to our moral and political vocabularies as it continues to structure our social and legal practices Public and Private provides a multidisciplinary perspective on this distinction which has been at the centre of controversial debate in recent years The focus of the debate has been on delineating acceptable boundaries between public and private in economic social and cultural spheres What is the nature and scope of citizenship What are the implications of new reproductive technologies And what is the fate of state sovereignty in a globalised world economy At first glance these questions may appear unrelated yet they all raise underlying and serious concerns regarding the scope and proper boundaries between the public and the private Public and Private will stimulate the current debate with its original approach and provide a valuable resource for all those interested in the role the public and private play in structuring our societies *The Army Lawyer* ,1991 U.S. *Constitutional Law for German Jurists* Dr. Jur.
