Formal Ethics Harry J.

Gensler, 2002-09-11 Formal Ethics is the study of formal ethical principles The most important of these perhaps even the most important principle of life is the golden rule Treat others as you want to be treated Although the golden rule enjoys support amongst different cultures and religions in the world philosophers tend to neglect it Formal Ethics gives the rule the attention it deserves Modelled on formal logic Formal Ethics was inspired by the ethical theories of Kant and Hare It shows that the basic formal principles of ethics like the golden rule are very similar to principles of logic and gives a firm basis for our ethical thinking As an introduction to moral rationality Formal Ethics also considers non formal elements and is applied to areas of practical concern such as racism and moral education

Did You Receive the Holy Spirit When You Believed? (Acts 19:2) Bob McArthur, 2011-06-08 Do you know how to lead someone to Christ This book will make you think again Do you know the gospel message Do you know the purpose for church leaders Are you fully birthed into the family of God Did you receive the Holy Spirit when you believed Think again That is what this book will challenge you to do The Rev Paul Hoyt a retired Church of the Nazarene pastor said of the book My mind is being challenged and stretched The question is simply What does the Bible say about how New Testament believers became Christians What were their experiences and what does the Bible say they believed and understood about those experiences This book will challenge you to rethink commonly held positions and universally understood practices and beliefs Dont be alarmed This book is completely Jesus focused The age old biblical truths about Christ are not being challenged Jesus is God the second person of the triune Godhead born of a virgin crucified and resurrected bodily and spiritually to new life His blood cleanses mankind of all sin no one comes to God except through Him and the Bible is the Word of God But the evangelistic message and experiences of the Bible of those early believers about this saving Jesus should correspond to the thought and practice of present day evangelism The disparity however might surprise you This book will help the Church get back to a New Testament evangelism that has somehow been lost along the way

Footsteps of truth, ed. by C.R. Hurditch Charles Russell Hurditch, 1885

About Face Christopher L. Flanders, 2011-03-07 For Thais face is a fact writes Flanders However whether in theology evangelism or issues involving sin salvation or atonement Thai Christians and missionaries alike seem either uninterested in or possibly incapable of addressing issues related to face This glaring incongruity between the value of face for Thais and the lack of intentional engagement within the Thai Christian community is deeply troubling Surely such a lack of careful attention to face is a dangerous posture Uncritical views of face furtively attaching to the theology of the Thai church are potentially detrimental for its life and mission Such seems to be an unavoidable situation without proper attention to face Additionally to ignore face is to run the risk of missing valuable cultural resources implicit in the Thai experience of face for the critical task of authentic Thai theological reflection This lack of engagement with face raises critical issues with which we must wrestle How is it that such a central sociocultural issue has not been a more significant part of the Thai Christian vocabulary or experience How pervasive are these negative attitudes regarding face What lies behind them Might this lack of self conscious engagement with face have any relationship to the persistent Thai perception of Christianity as a foreign Western religion How should Christians understand this notion of face and how it relates to the ways we understand and proclaim the gospel
