Rebirth of a Nation John Lloyd, 1998 Russian Politics and Society Richard Sakwa, 2002-09-11 First published in 2002 Routledge is an imprint of Taylor Francis an informa company **Russia and the Russians** Geoffrey A. Hosking, 2001 Chronicles the history of the Russian Empire from the Mongol Invasion through the Bolshevik Revolution to the aftereffects of the Cold War *Russia* Robert Service, 2003 The first history of modern Russia from 1991 to the present day by one of the leading historians of the 20th century USSR and Russia In 1991 in a huge experiment with a people and in a state of euphoria Boris Yeltsin abolished the USSR and recreated the Russian nation At the point of its declaration it was in a state of economic and social disarray and yet there were high hopes Hopes which have subsequently been dashed Robert Service brings to bear his vast knowledge of the people and the country to put the recent upheavals into context and he shows that not everything changed for the worst 1991 The Gorbachev years have allowed the Russian people to give a priority to living a private life and shutting the door on the state They could think what they liked They could enjoy intellectual and religious freedom and indulge in recreations their income would allow Gays and Lesbians could come out The Youth culture could finally be loosened from constraints This is a broad political social and cultural history of one of the newest nations ever to be formed **Russischer Nationalismus** Frank Golczewski, Gertrud Pickhan, 1998 The Literary Review Gillian Greenwood, 2000 **Russia and the USSR in the Twentieth Century** David MacKenzie, Michael W. Curran, 2002 In this revision of their best selling text MacKenzie and Curran present a succinct updated history from the later imperial tsarist regime to the current Russia Acclaimed in the field for its clarity comprehensiveness and accuracy the text balances social cultural history with political history through the Putin presidency and offers Russian as well as post Soviet views of Russian history *Neuerwerbungen der Bibliothek*, 1998 The Communist Party in Post-Soviet Russia Luke March, 2002 Drawing on extensive research Luke March details the ideology organization and activity of a political phenomenon which has received little in depth analysis or scholarly consensus He analyses the Communist Party of the Russian Federation's evolution in the context of post Soviet political developments to provide detailed and stimulating examination of a party whose role in Russian politics is far more complex and contradictory than is generally understood **Putin's Labyrinth** Steve LeVine, 2008 Documents that bloodshed that has stained Putin's two terms as president while examining the perplexing question of how Russians manage to negotiate their way around the ever present danger of violence **Kasarinlan**, 2000 Turkish Review of Eurasian Studies, 2004 *Russia's Post-communist Economy* Brigitte Granville, Peter Oppenheimer, 2001 The Russian economy is an enigma to the West Is it a sleeping giant or on the point of break up and collapse This collection of papers offers a broad based overview of all aspects of Russian economic experience in the 1990s **Transitions**, 1998 **Development Aid in Russia** Judith Marquand, 2009-02-12 Drawing on both Development Studies and post Soviet literature this study examines projects in Siberia since the fall of the Berlin Wall Focusing on critical

accounts of development projects in Siberia managed by the author this book provides a first hand account of the successes and failures of development aid *Bandits, Gangsters and the Mafia* Martin McCauley, 2001 During the 1990s the roving bandits big business or the oligarchs stole Russia They gained influence over President Yeltsin and his government and gradually shaped policy in their own interests In this first comprehensive account to explain why Russia took the course it did Martin McCauley examines the period through the prism of government including Yeltsin s shadow government and looks at the military police security and intelligence services Relations between Moscow and the regions industry agriculture social policy and foreign policy are also explored **Sale of the Century** Chrystia Freeland, 2000 In the 1990s all eyes turned to the momentous changes in Russia as the world s largest country was transformed into the world s newest democracy But the heroic images of Boris Yeltsin atop a tank in front of Moscow s White House soon turned to grim new realities a currency in freefall and a war in Chechnya on the street flashy new money and a vicious Russian mafia contrasted with doctors and teachers not receiving salaries for months at a time If this was what capitalism brought many Russians wondered if they weren t better off under the communists This new society did not just appear ready made it was created by a handful of powerful men who came to be known as the oligarchs and the young reformers The oligarchs were fast talking businessmen who laid claim to Russia s vast natural resources The young reformers were an elite group of egghead economists who got to put their wild theories into action with results that were sometimes inspiring sometimes devastating With unparalleled access and acute insight Chrystia Freeland takes us behind the scenes and shows us how these two groups misused a historic opportunity to build a new Russia Their achievements were considerable but their mistakes will deform Russian society for generations to come Along with a gripping account of the incredible events in Russia s corridors of power Freeland gives us a vivid sense of the buzz and hustle of the new Russia and inside stories of the businesses that have beaten the odds and become successful and profitable She also exposes the conflicts and compromises that developed when red directors of old Soviet firms and factories yielded to or fought the radically new ways of doing business She delves into the loophole economy where anyone who knows how to manipulate the new rules can make a fast buck *Sale of the Century* is a fascinating fly on the wall economic thriller an astonishing and essential account of who really controls Russia s new frontier **Dictionary of International Biography ...** , 2005 A biographical record of contemporary achievement together with a key to the location of the original biographical notes *New Statesman* , 2000-04 **Пушкин** , 1998
