Valuing Digital Business Designs and Platforms Thorsten Feix, 2021-09-15 This book develops an interwoven framework for the strategic and financial valuation of digital business designs and platform companies which became game changers for a multitude of ecosystems in the 21st century But also incumbents of traditional industries are challenged by those digital natives and have therefore either to revitalize their business design or facing the risk to be marginalized The business design twin of innovation is resilience to create lasting competitive advantage and capture value for the post pandemic world of the 20s The ultimate idea of the book rests on the hypothesis that only the combination of business design analytics 10C Business Design and the 8 strategic levers of platform strength with intense financial modeling Reverse DCF enables a true understanding of the competitive advantage and value of such business designs Based on a

tailored strategic financial conceptual framework a set of high profile new case studies will highlight the working principles and application of the concept

Going Public Dakin Campbell, 2022-07-26 A behind the scenes tour of the high stakes world of IPOs and how a visionary band of startup executives venture capitalists and maverick bankers has launched a crusade to upend the traditional IPO as we know it GOING PUBLIC is a character driven narrative centered on the last five years of unparalleled change in how technology startups sell shares to the public Initial public offerings or IPOs are typically the first time retail investors can own a piece of the New Economy companies promising to rewrite economic rules Selling IPOs is also one of the most profitable businesses for Wall Street investment banks who have spent the last 40 years protecting their profits In an era when algorithms and software have made the financial markets more efficient the pricing of IPOs still relies on human judgment In 2018 executives at music streaming service Spotify sought to upend the status quo Led by a trim and understated CFO Barry McCarthy and a shy but brilliant founder Daniel Ek they took a wild idea and forged something new GOING PUBLIC explores how they got comfortable with the risk and how they lobbied securities watchdogs and exchange staff to rewrite the regulations Readers will meet executives at disruptive companies like Airbnb DoorDash venture capitalists and even some bankers who seized on Spotify's labor and used it to knock Wall Street bankers off the piles of fees they'd been stacking for so long GOING PUBLIC weaves in earlier attempts to rethink the IPO process introducing readers to one of Silicon Valley's earliest bankers Bill Hambrecht whose invention for selling shares online was embraced by Google founders Larry Page and Sergey Brin when they auctioned their shares in 2004 And it examines the recent boom in blank check companies those Wall Street insider deals that have suddenly become the hottest way to enter the public markets GOING PUBLIC tells stories from inside the room and more
