Scholars in COVID Times Melissa Castillo Planas, Debra A. Castillo, 2023-09-15 *Scholars in COVID Times* documents the new and innovative forms of scholarship community collaboration and teaching brought about by the COVID 19 pandemic. In this volume, Melissa Castillo Planas and Debra A. Castillo bring together a diverse range of texts from research-based studies to self-reflective essays to reexamine what it means to be a publicly engaged scholar in the era of COVID. Between social distancing, masking, and remote teaching, along with the devastating physical and emotional tolls on individuals and families, the disruption of COVID 19 in academia has given motivated scholars an opportunity or necessitated them to reconsider how they interact with and inspire students, conduct research, and continue collaborative projects. Addressing a broad range of factors from anti-Asian racism to pedagogies of resilience and escapism, digital pen pals to international performance, the essays are connected by a flexible, creative approach to community engagement as a core aspect of research and teaching. Timely and urgent, but with long-term implications and applications, *Scholars in COVID Times* offers a heterogeneous vision of scholarly and pedagogical innovation in an era of contestation and crisis.
