decades the maternal body has gained currency in popular culture and the contemporary art world with many books and exhibitions foregrounding artists experiences and art historical explorations of maternity that previously were marginalized or dismissed In too many instances however the maternal potential of female bodies whether realized or not still causes them to be stigmatized censored or otherwise treated as inappropriate cultural expectations of maternity create one set of prejudices against women whose bodies or experiences do align with those same expectations and another set of prejudices against those whose do not Support for mothers in the paid workforce remains woefully inadequate yet in many cultural contexts social norms continue to ask what is wrong with women who do not have children In these essays and conversations artists and writers discuss how maternal expectations shape both creative work and designed environments and highlight alternative ways of existing in relation to those expectations
