Perspective On Classrooms And School:

Perspectives on Classrooms and Schools Louis Cohen, Lawrence Manion, 1981 **Life in Schools and Classrooms** Rupert Maclean, 2017-05-04 This book discusses key aspects of life in schools and classrooms and surveys the changes that have occurred over the years in educational research policy making and practice in these school and classroom settings. It not only examines cutting edge research in these areas but also showcases good practices in the field. Among the topics reviewed are recent developments in assessment methods for collecting and analysing data on classroom practice, school leadership and the pros and cons of class size and small class teaching topics which are currently hotly debated in education systems around the globe. As such, the book objectively examines the various debates and surveys the full range of evidence available. Education researchers, policy makers and practitioners often hold differing views about the reasons for teacher and student behaviour in classrooms and for example its relevance to class size. Many of these views are based on gut feelings rather than hard evidence. Unfortunately, these three groups with differing perspectives often talk past each other rather than engage in a productive mutually beneficial dialogue. The book builds an effective bridge between researchers, policy makers and practitioners regarding the impact of these various aspects of classroom life so that the viewpoints of each can be carefully considered and evaluated.

Students' Perspectives On Schooling Osler, Audrey, 2010-05-01 Education **TALIS Positive, High-achieving Students? What Schools and Teachers Can Do** OECD, 2021-02-02 The work of teachers matters in many different ways. Not only do they provide students with the knowledge and skills needed to thrive in the labour market but they also help develop the social emotional skills that are vital for students' personal development and for their active citizenship.

Assessment hotspots, *Motivation for Reading: Individual, Home, Textual, and Classroom Perspectives* Allan Wigfield, John T. Guthrie, 2013-12-16 Based on research from the National Reading Research Center (NRRC) at the Universities of Georgia and Maryland, this issue presents the contributors' synthesized work on reading motivation and engagement. Articles are devoted to the following topics: the general motivation constructs related to reading; home influences on reading motivation; readers' responses to different types of text; influences of classroom contexts and types of assessment on children's motivation.

Reflecting on Proficiency from a Classroom Perspective June K. Phillips, 1993 *Digital Teaching and Learning: Perspectives for English Language Education* Christiane Lütge, Thorsten Merse, 2021-03-29 The ongoing digitalization of social environments and personal lifeworlds has made it crucial to pinpoint the possibilities of digital teaching and learning also in the context of English language education. This book offers university students, trainee teachers, in-service teachers and teacher educators an in-depth exploration of the intricate relationship between English language education and digital teaching and learning. Located at the intersection of research theory and teaching practice, it thoroughly legitimizes the use of digital media in English language education and provides concrete scenarios for their
