Pinochet in Piccadilly Andy Beckett,2003 In October 1998 the erstwhile Chilean dictator General Augusto Pinochet was arrested in London charged with crimes against humanity by a Spanish magistrate But over the 16 months that Pinochet was detained intriguing questions went unanswered about his close ties with Britain Why was Lady Thatcher so keen to defend the General And why was Tony Blair s usually cautious government prepared to have him arrested As Andy Beckett uncovers the answers reside deep within the long and shadowy history of relations between Britain and Chile An outstanding achievement and mesmerically readable Beckett has surely written one of the best political travelogues of the year Sunday Times I am stirred and astonished at Andy Beckett s brilliance and by the imaginative sympathy with which he rekindles the arguments and emotions of a period he never knew Christopher Hitchens London Review of Books *The Pinochet Affair* Roger Burbach,2003-11 This is the timely story of the rise and fall General Augusto Pinochet of Chile Using interviews and intimate sketches Roger Burbach unravels Pinochet s history from the violent military coup that brought him to power to his

ouster in 1990 and eventual arrest in 1998 Burbach reveals the sociopathic paranoid and authoritarian tendencies that led the dictator to murder thousands of people in the country while authorizing acts of international terrorism

European Solidarity with Chile, 1970s-1980s Kim Christiaens, 2014 The overthrow of the democratically elected government of Salvador Allende and the coming to power of a military regime led by Augusto Pinochet on 11 September 1973 drew worldwide attention towards Chile The political repression shook the world and ignited one of the largest social movements of the 1970s and 80s Hundreds of solidarity committees and a gamut of human rights and justice organizations mobilized thousands of people This volume offers a compelling insight into the exceptional impact that the Chilean crisis made in Western and Eastern Europe In doing so it provides a new and broader perspective into the history of the Cold War transnational activism and human rights

Democracy in Chile Silvia Nagy-Zekmi, Fernando Ignacio Leiva, 2005 In the 1990s Latin America emerged from the horror of massive human rights violations as it returned to civilian elected regimes This volume aims to explore the lasting legacy of the transformations brought about by the oppressive regimes of the 70s and 80s as they are experienced in the cultural social and intellectual life of the region

Time of Death James Craig, 2014-10-14 The worst murders occur closest to home When Agatha Mills is killed in her own apartment in the shadow of the British Museum there is only one suspect her husband Henry For Inspector Carlyle it seems like an open and shut case But much to Carlyle's chagrin Henry refuses to confess Worse he comes up with an alternative version of events that is nearly impossible to investigate Carlyle just wants to put the murder to bed but when a distraught Henry kills himself on the way to prison doubts begin to surface The mounting evidence indicates he may have been telling the truth In which case the murderer is still at large

Ghost Train Through the Andes Michael Jacobs, 2006 It was not until long after his grandmother Sophie had died that Michael Jacobs was eventually permitted to read the lengthy and passionate letters that his grandfather Bethel had written her from nine thousand miles away In these letters Jacobs

discovered a remarkable story of hardship deprivation and enduring love His grandfather s work on the railway through the Andes was exhausting and desperately lonely He had little in common with his fellow workers and became consumed by a mounting despondency from which only his love for Sophie could save him But as the months and years of separation passed the world in which Sophie was blossoming appeared more and more remote from his own Michael Jacobs journey back through time takes him from a rain swept Hull churchyard to desolate Antofagasta in Chile and to the former silver capital of Potos Climbing through ghostly lunar like scenery towards the snow capped summits of the Andes he follows the route of his grandfather s railway across giant rocky plateaux through terrifyingly steep gorges and valleys of tropical lushness and past grim mining townships buffeted by winds rain and snow to reveal an extraordinary love story **New Statesman** ,2002-04

War and Nation in the Theatre of Shakespeare and His Contemporaries Simon Barker,2007 This original study explores a vital aspect of early modern cultural history the way that warfare is represented in the theatre of Shakespeare and his contemporaries The book contrasts the Tudor and Stuart prose that called for the establishment of a standing army in the name of nation discipline and subjectivity and the drama of the period that invited critique of this imperative Barker examines contemporary dramatic texts both for their radical position on war and in the case of the later drama for their subversive commentary on an emerging idealisation of Shakespeare and his work The book argues that the early modern period saw the establishment of political social and theological attitudes to war that were to become accepted as natural in succeeding centuries Barker s reading of the drama of the period reveals the discontinuities in this project as a way of commenting on the use of the past within modern warfare The book is also a survey and analysis of literary theory over the last twenty five years in relation to the issue of early modern war and develops an argument about the study of literature and war in general Features Interdisciplinary approach addressing the early modern period as one of particular importance in the history of warfare Examines the way that the period helped shape modern attitudes to war Sets Shakespeare in the context of those dramatists who preceded him as well as his contemporaries and successors Surveys the work of the past and considers the future of criticism in relation to warfare Unity ,2002 **Annual Bibliography of British and Irish History** ,2002

The British National Bibliography Arthur James Wells,2002 The Tablet ,2002 The international Catholic weekly

Margaret Thatcher John Campbell,2009 In this abridged edition of John Campbell s two standalone volumes on Margaret Thatcher we trace the life of Britain s only female Prime Minister from her upbringing in Grantham to her unexpected challenge to Edward Heath for leadership of the Conservative party and her eventual removal from power This is an extraordinary account of an extraordinary woman John Campbell portrays an ambitious and determined woman who may have begun her career in office almost timidly but who became increasingly remote and arrogant after the Falklands eventually losing the trust of her colleagues Lost Worlds Kevin Foster,2009-10-15 New expanded edition of a classic anthropology title that examines ethnicity as a dynamic and shifting aspect of social relations
