## Rediscovering Gay History:

*Rediscovering Gay History* John Boswell, The Boswell Thesis Mathew Kuefler, 2006-03 Few books have had the social cultural and scholarly impact of John Boswell's *Christianity, Social Tolerance and Homosexuality*. Arguing that neither the Bible nor the Christian tradition was nearly as hostile to homoeroticism as was generally thought, its initial publication sent shock waves through university classrooms, gay communities and religious congregations. Twenty five years later the aftershocks still reverberate. *The Boswell Thesis* brings together fifteen leading scholars at the intersection of religious and sexuality studies to comment on this book's immense impact, the endless debates it generated and the many contributions it has made to our culture. The essays in this magnificent volume examine a variety of aspects of Boswell's interpretation of events in the development of sexuality from Classical Antiquity through the Middle Ages, including a Roman emperor's love letters to another man, suspicions of sodomy among medieval monks, knights and crusaders, and the gender bending visions of Christian saints and mystics. Also included are discussions of Boswell's career, including his influence among gay and lesbian Christians and his role in academic debates between essentialists and social constructionists. Elegant and thought provoking, this collection provides a fitting twenty fifth anniversary tribute to the incalculable influence of *Christianity, Social Tolerance and Homosexuality* and its author.

**Historical Dictionary of the Gay Liberation Movement** Ronald J. Hunt, 1999-01-28 Traces the evolution from the early homosexual rights movement through a century of history and into the contemporary gay and lesbian rights movement. It presents the key organizations and their leaders, the essential issues and the strategies those issues suggest, and the situation in numerous countries.

Gottes selbstbewusste Töchter Anne Jensen, 2003 **Der Konkubinat im kaiserzeitlichen Rom** Raimund Friedl, 1996 Zum ersten Mal seit 100 Jahren befaßt sich wieder eine Monographie auf deutsch mit diesem mittlerweile durch die Verbreitung nichtehelicher Lebensgemeinschaften hochaktuellen Thema. Sie untersucht den Konkubinat im römischen Reich in Italien und den nordwestlichen Provinzen. Dabei wird der Frage nach Bedeutung, Umfang, Motiven und Realität des Konkubinats anhand der inschriftlichen und rechtshistorischen Quellen nachgegangen. Die Verknüpfung beider Bereiche bringt überraschende Ergebnisse. Die exakte Analyse und die Typisierung der Motive für einen Konkubinat lassen dessen Rolle im Spannungsfeld von Staat und Gesellschaft in einem neuen Licht erscheinen, da sich zunehmend Eheverbote unterschiedlichen Ursprungs und die Aufrechterhaltung sozialer Unterschiede als alleinige Ursachen für den Konkubinat in römischer Zeit zeigen.

Whitaker's Books in Print, 1998 *Rediscovering the Democratic Purposes of Education* Lorraine McDonnell, P. Michael Timpone, Roger W. Benjamin, 2000 Why do America's public schools seem unable to meet today's social challenges? As competing interest groups vie over issues like funding and curricula, we seem to have lost sight of the democratic purposes originally intended for public education. Public schools were envisioned by the Founders as democratically run institutions for instilling civic values, but today's education system seems more concerned with producing good employees than good citizens. Meanwhile, our country's diversity has eroded consensus.

about citizenship and the professionalization of educators has diminished public involvement in schools This volume seeks to demonstrate that the democratic purposes of education are not outmoded ideas but can continue to be driving forces in public education Nine original articles by some of today's leading education theorists cut a broad swath across the political spectrum to examine how those democratic purposes might be redefined and revived It both establishes the intellectual foundation for revitalizing American schools and offers concrete ideas for how the educational process can be made more democratic The authors make a case for better empirical research about the politics of education in order to both reconnect schools to their communities and help educators instill citizenship An initial series of articles reexamines the original premise of American education as articulated by important thinkers like Jefferson and Dewey A second group identifies flaws in how schools are currently governed and offers models for change A final section analyzes the value conflicts posed by the twin strands of democratic socialization and governance and their implications for education policy Spanning philosophy history sociology and political science this book brings together the best current thinking about the specifics of education policy vouchers charter schools national testing and about the role of deliberation in a democracy It offers a cogent alternative to the exchange paradigm and shows how much more needs to be understood about an issue so vital to America's future

**Homosexuality/heterosexuality** David P. McWhirter, Stephanie A. Sanders, June Machover Reinisch, 1990 The contributors address two focal questions What have we learned about the nature of sexual orientation and how can it be measured or classified for research purposes *Male Homosexuality and Its Regulation in Late Medieval Florence* Michael Jesse Rocke, 1989 **Gay Catholics in Britain** Quest (Group), Michael Stephens, 1983 Informatieboekje over tien jaar Quest een homogroep voor katholieke priesters en pastoren *About Time* Martin B. Duberman, 1991 This is a collection of documentary material and a selection of previously uncollected essays speeches and reviews by the historian and gay activist Martin Duberman Part One contains rare documents from the past two centuries tracing the lives and opinions of both our gay and our homosexual ancestors Part Two has been extensively revised and includes six new articles published as recently as 1991 covering such topics as coming out bisexuality in the ancient world and reform in the gay rights movement The Lesbian and Gay Christian Movement Sean Gill, 1998 Founded in 1976 the Lesbian and Gay Christian Movement LGCM has become the largest and most prominent group in Britain fighting to change the Christian Church's attitudes towards homosexuality This book looks at LGCM's position **A-L** Alan Soble, 2006 **Gay Priests** James G. Wolf, 1989 Combines a well documented sociological account of homosexuality among clergymen with four personal essays written by gay priests currently involved in the Roman Catholic church Wolf discusses the salient issues of quality of life commitment to the priesthood and the Church and personal views on the prevalence of gay men in the clergy Studying Men and Masculinity David Ford, Jeff Hearn, 1988 **A Sexual Life, a Spiritual Life** Pat Buckley, 2005 In this candid at times raw account of a life of turmoil dissident Bishop Pat Buckley reveals how his battles with Rome were paralleled by an internal battle between

his own sexuality and his deeply held spirituality Sexually abused at the age of six by a trusted family friend Pat Buckley went on to join the priesthood eventually being consecrated as a Bishop in controversial circumstances in 1998 Throughout his life he struggled with his homosexuality finally coming out in 1999 A Sexual Life A Spiritual Life is not just a confession of Pat Buckley s sexuality however He uses his own experiences to delve into the deep connection between sex and spirit quoting St Bonaventure s maxim that the mind s road to God always begins in the sexual appetite Further he is highly critical of the way in which the Catholic Church has for centuries separated sexuality from spirituality making sex a source of sin and shame thereby doing such terrible violence to the human soul The only way to restore peace to the human soul Bishop Buckley argues is to reconcile the sexual and the spiritual It is this reconciliation he says which has at last brought him peace in his own life and which the Church must face up to with compassion and honesty if it is to make peace with those it has alienated
