Referendum Democracy Citizens Elites And Deliberation In Referendum Campaigns:

Referendum Democracy M. Mendelsohn, A. Parkin, 2001-09-25 As the referendum becomes a more regular component of decision making it leaves few if any institutions processes and values of democracy untouched Political actors of all kinds including political parties and interest groups seek to use the referendum device to further their own objectives The end result is a different kind of democracy than existed before This book lays out the comparative research agenda on the impact of referendums on the practice of liberal democracy **Wenn Parlamente vors Volk ziehen** Nils Arne

Constitutional Change and Popular Sovereignty Maria Cahill, Colm Ó Cinnéide, Seán Ó Conaill, Conor O'Mahony, 2021-07-15 This collection focuses on the particular nexus of popular sovereignty and constitutional change and the implications of the recent surge in populism for systems where constitutional change is directly decided upon by the people via referendum It examines different conceptions of sovereignty as expressed in constitutional theory and case law including an in depth exploration of the manner in which the concept of popular sovereignty finds expression both in constitutional provisions on referendums and in court decisions concerning referendum processes While comparative references are made to a number of jurisdictions the primary focus of the collection is on the experience in Ireland which has

had a lengthy experience of referendums on constitutional change and of legal political and cultural practices that have emerged in association with these referendums At a time when populist pressures on constitutional change are to the fore in many countries this detailed examination of where the Irish experience sits in a comparative context has an important contribution to make to debates in law and political science

Understanding Electoral Reform Reuven Hazan, Monique Leyenaar, 2014-06-03 The field of elections and electoral systems and particularly electoral reform has exhibited tremendous growth and cross national appeal over the last two decades However beyond an increased knowledge of voting rules and their consequences for political representation little attention has been devoted to the question of why electoral systems have recently undergone substantial change in several liberal democracies This book addresses several new approaches to electoral reform First the scope of the study of electoral reform has been expanded Second contrary to previous studies of electoral reform the conviction that the determinants of reform can be explained by one single approach has been replaced by a belief in a more comprehensive framework for analysis Third we move beyond political parties acting in parliament and government as the most significant source of electoral reform Fourth a focus on the determinants of electoral reform allows us to include motivations and objectives of electoral reform A final advancement in the study of electoral reform is the inclusion of countries other than established democracies This book was published as a special issue of West European Politics

Handbook of Democratic Innovation and Governance Stephen Elstub, Oliver Escobar, 2019-12-27 Democratic innovations are proliferating in politics governance policy and public administration These new processes of public participation are reimagining the relationship between citizens and institutions This Handbook advances understanding of democratic innovations in theory and practice by critically reviewing their importance throughout the world The overarching themes are a focus on citizens and their relationship to these innovations and the resulting effects on political equality The Handbook therefore offers a definitive overview of existing research on democratic innovations while also setting the agenda for future research and practice

Empowerment and Disempowerment of the European Citizen Michael Dougan, Niamh Nic Shuibhne, Eleanor Spaventa, 2012-11-05 This collection of essays engages with a central theme in scholarship on EU citizenship the emancipation of certain citizens the alienation of others and seeks to expand its horizons to interrogate whether similar debates and trends can be identified in other fields of European integration The focus of the book is distinctly citizen focused It delivers the potential for the opening out of analysis of the implications of European citizenship beyond the parameters of Articles 18 25 TFEU and beyond the disciplinary confines of legal analysis alone The book construes EU citizenship in its broadest sense and explores the extent to which the European citizen is or indeed is not genuinely at the heart of EU law and policy making Within the broader theme of empowerment and disempowerment the contributors reflect on a range of cross cutting themes for example the extent to which channels of citizen participation can inform EU policy making in a bottom up sense or whether the EU is a catalyst for the construction of new spaces and new
