 organisations are affected by fraud but disproportionately so for SMEs given their size and vulnerability Some small
 businesses that have failed to manage business fraud effectively have not only suffered financially but also have not survived
 This book provides a guide for SMEs to understand the current sources of business fraud risk and the specific risk response
 actions that can be taken to limit exposure through the structured discipline of enterprise risk management The book
 provides A single source reference a description of all of the common fraud types SMEs are facing in one location An
 overview of enterprise risk management a tool to tackle fraud as recommended by the Metropolitan Police Service and many
 other government sponsored organisations Illustrations of fraud events diagrams figures where appropriate of how frauds
 are carried out Case studies case studies of the fraud types described to bring the subject to life and illustrate fraud events
 and their perpetrators enabling readers to be more knowledgeable about the threats Sources of support and information a
 description of the relationship between the government agencies and departments What to do specific actions to be
 implemented as opposed to just recommending the preparation of policies and processes that may just gather dust on a shelf
 The book gives SMEs a much better understanding of the risks they face and hence informs any discussion about the services
 required what should be addressed first in what order should remaining requirements be implemented and what will give the
