CYBER MONDAY: SHOPPING IN THE DIGITAL ERA

Cyber Monday is a special shopping day that takes place every year on the Monday after Thanksgiving. It is the online counterpart to Black Friday, a day when shopping is done entirely on the Internet. This tradition began when online sellers noticed a sharp increase in online shopping activity on the Monday following Thanksgiving. To encourage this trend, many retailers started offering exclusive deals on the Monday following Thanksgiving. Cyber Monday was born. One of the reasons Cyber Monday became popular is its convenience. People can shop from the comfort of their homes. With just a few clicks, they can purchase electronics, clothing, toys, and more. Free shipping and special online-only deals make it even more appealing.

CYBER MONDAY: SHOPPING IN THE DIGITAL AGE

Cyber Monday is a shopping event that takes place every year on the Monday after Thanksgiving. It is a day when online stores offer special deals and discounts to attract shoppers. The event began in 2005 when retailers noticed that many people shopped online during the Black Friday weekend. To create a specific day for online shopping, Cyber Monday was established.

Cyber Monday is all about convenience. People can shop from the comfort of their homes or workplaces using computers, smartphones, and tablets. This makes it easier to find deals without standing in long lines or dealing with large crowds.
