Phonics Practice Update

Kathleen Armour

Phonics Practice Update:

Resources in Education ,2001-04 **Debates in Primary Education** Virginia Bower,2020-10-19 This powerful text encourages both pre service and established teachers as well as teacher educators to engage with contemporary debates in primary education Promoting a critical approach the chapters explore a wide range of key themes including the importance of values in primary education and the imperative for a curriculum which embraces the whole range of available subjects At the same time the chapters are underpinned by a belief that children should be at the heart of all the decisions we make and that primary education should inspire a love of learning for life The book aims to support practitioners to make informed judgements and feel confident to argue their point of view with deeper theoretical knowledge and understanding thus increasing teacher agency and confidence in responding to complex educational and social dilemmas such as literacy levels and rising mental health concerns Chapters encompass both the macro aspects of primary education and more specialised debates on key topics such as reading mathematics languages early years education and the use of technology With annotated further reading and reflective questions this key text is essential reading for all those wanting to develop a better understanding of the issues that shape their practice including student teachers at both undergraduate and postgraduate level practising teachers engaged in continuing professional development and teacher educators **Vision, Reading**

Difficulties and Visual Stress Arnold J. Wilkins,Bruce J. W. Evans,2024-11-20 This book provides an overview of the research surrounding the relevance of visual factors for those who struggle with reading Visual interventions that have been advocated as helping with reading include spectacles that simply correct refractive errors e g long sightedness coloured overlays sheets placed on the page and coloured lenses vision therapy and computer games This book explains the rationale behind these interventions and discusses the evidence supporting them Clear advice is given in plain English to those wondering if these interventions will be helpful Vision Reading Difficulties and Visual Stress 3rd Edition is a fully revised edition that draws together disparate research findings in a range of neurological disorders where vision is compromised by cortical hyperexcitability Optometrists orthoptists ophthalmologists educational psychologists teachers and vision scientists will find this book to be an interesting resource as well as students in these disciplines and parents of children who struggle with reading
