## **Rediscovering The Triune God The Trinity In Contemporary Theology:**

**Rediscovering the Triune God** Stanley J. Grenz, 2004 The last century has witnessed a revival and renewal of trinitarian theology led initially by Karl Barth The legendary puzzles of trinitarian theology have become especially vexing in an era of changed philosophical and cultural categories and a host of religious thinkers in the last century have tried to reformulate the main lines of thought about God's trinitarian life Theologian Stanley Grenz here tells this story of trinitarian theology reporting and analyzing the remarkable ferment in the discipline and discussing especially eleven theologians on such issues as God's inner life vs God's relationship to creation immanent and economic trinity social vs psychological analogies for the relationships within God the relationship between trinity and Christology the feminist critique of classical categories and how God's trinitarian life figures in evolution social justice and spirituality Grenz's Introduction place this ferment historically in the course of Christian thought from the patristic period to now while his Conclusion sets a future agenda for the doctrine and theology

**A Virtue Ethical View of Trinitarian Sanctification** Ronald M. Rothenberg, 2014-07-02 The thesis of this book is that virtue ethics is key to understanding Trinitarian progressive sanctification The thesis is supported by four reasons why virtue ethics is key to understanding Trinitarian progressive sanctification 1 the Trinity virtue ethics and sanctification are historically and conceptually interconnected in the tradition and Scripture 2 virtue ethics based on metaphysical realism is the most biblically consistent ethical framework for Trinitarian progressive sanctification 3 Jesus' active roles as a teacher and example of virtue play an important part in Trinitarian sanctification and 4 Jesus' priestly heavenly intercession aimed at manifesting virtue in believers is crucial to understanding how the Trinity progressively sanctifies believers The active roles of Jesus in sanctification ordered by the Triune premise indicate that the Trinity sanctifies such that 1 the value having its source from the Father is revealed through the teaching of the Son to motivate believers who are empowered to be motivated by the Spirit 2 the character that is from the Father is revealed through the Son's example that is to be imitated by the believer through habituation and reciprocity by the Spirit's leading and 3 believers are led by the Spirit's intercession into prayer Rom 8:14, 16, 26, 27 to be helped through the Son's priestly intercession in order to receive an answer from the Father with

the aim of manifesting the virtues of endurance and hope in the lives of believers      *Colin Gunton's Trinitarian Theology of Culture* Andrew Picard,2024-06-27 Whilst upholding some of the criticisms of Colin Gunton's work this incisive book argues that there is a Hauptbriefe in Gunton reception that assumes his early classic works *The One the Three and the Many* and *The Promise of Trinitarian Theology* 1st ed are definitive of his project and fail to engage adequately with the progressions in Gunton's later thought Instead this book offers a fresh reading of Gunton by giving greater prominence to his later writings which are centred in the mediation of the Son and the Spirit in creation Andrew Picard argues that Gunton's trinitarian theology of culture emerges from his later trinitarian theology of mediation creation Christology pneumatology and ecclesiology Exploring these doctrinal foci enables an understanding of Gunton's account of faithful human culture as embodied worship a living sacrifice of praise which contributes to the divine redemption and perfection of creation It is the church's particular calling to embody such praise through its visible life in community The study concludes by intersecting Gunton's theology with the social sciences to critique ableism and consider the politics of the church's belonging in community      *The Missional Church in Perspective (The Missional Network)* Craig Van Gelder,Dwight J Zscheile,2011-05-01 In this book two leading ministry experts place the missional church conversation in historical perspective and offer fresh insights for its further development They begin by providing a helpful review of the genesis of the missional church and offering an insightful critique of the Gospel and Our Culture Network's seminal book *Missional Church* which set the conversation in motion They map the diverse paths this discussion has taken over the past decade identifying four primary branches and ten sub branches of the conversation and placing over one hundred published titles and websites into this framework The authors then utilize recent developments in biblical and theological perspectives to strengthen and extend the conversation about missional theology the church's interaction with culture and cultures and church organization and leadership in relation to the formation of believers as disciples Professors students and church leaders will value this comprehensive overview of the missional movement It includes a foreword by Alan J Roxburgh      **Pentecostal Ecclesiology** Chris Green,2016-06-27 This reader in Pentecostal ecclesiology edited by Chris Green brings together in a single volume a number of critically important previously published essays written by leading Pentecostal and charismatic scholars addressing the theology of the church sacraments and ministry in the Pentecostal charismatic traditions Contributors include Estrela Alexander Peter Althouse Jonathan E Alvarado Ken Archer Daniela Augustine Simon Chan Graciela Esparza Jenny Everts Chris E W Green Walter Hollenweger Cheryl Bridges Johns Veli Matti K rkk inen Andy Lord Frank Macchia Clark Pinnoch Margaret M Poloma Lisa Stephenson Wolfgang Vondey and Amos Yong      Renewing Pastoral Practice Neil Pembroke,2013-05-28 This is the first comprehensive treatment of the relationship between the doctrine of the Trinity and pastoral care and counselling Neil Pembroke contends that an in depth reflection on the relational dynamics in the Godhead has the capacity to radically renew pastoral practice Pembroke applies the notion of relational space to care in a

parish setting The life of the triune God is defined by both closeness and open space The divine persons indwell each other in love but they also provide space for the expression of particularity This principle of closeness with space is applied in three different pastoral contexts namely community life spiritual friendship and pastoral conversations The specialized ministry of pastoral counselling is the focus in the second half of the book Informing the various explorations is the principle of participation through love the divine persons participate in each other's existence through loving self communication

Pembroke shows how this trinitarian virtue is at the centre of three key counselling dynamics the counselling alliance empathy and mirroring *The Church as Movement* JR Woodward, Dan White Jr., 2016-07-14 JR Woodward and Dan White Jr have trained church planters all over North America In this interactive field manual they help you and your team gain eight key competencies crucial for church planting so that you can create churches that flourish and launch their own sustainable missional and incarnational congregations [Internationale Bibliographie der Rezensionen wissenschaftlicher Literatur](#), 2007 *Missiology*, 2009 An international review **Theological Studies** William James McGarry, John Courtney Murray, 2004 **Theologische Rundschau** Wilhelm Bousset, Rudolf Bultmann, Wilhelm Heitmüller, Hans Freiherr von Soden, 2006 Includes supplements **Rebuilding Religious Experience** Linh Ngoc Hoang, 2007 Vietnamese Catholic refugees enter into a process in the United States of culture negotiation that brings together their history as a colonized people in Vietnam the experience of refugee resettlement and a unique appropriation of the Christian doctrine of the Trinity This latter theological perspective helps the Vietnamese American Catholic community mediate their Confucian-based relationships and the new relationships into which they must enter in the United States This appropriation also balances apparent internal inconsistencies in the doctrine that become evident in new cultural settings in this instance the encounter between Eastern and Western cultures As Vietnamese Catholics remain and grow in America they continue this cultural negotiation between their previous home and their new one In doing so they make a unique contribution both to a multicultural American Catholic Church and to our wider understanding of how refugees rebuild their worlds **Charles Wesley** Kenneth G. complex interactions between religion and computer mediated communication CMC The contributions cohere around the central question how will core religious understandings of identity community and authority shape and be re shaped by the communicative possibilities of Web 2 0 The authors gathered here address these questions in three distinct ways through contemporary empirical research on how diverse traditions across the globe seek to take up the technologies and affordances of contemporary CMC through investigations that place these contemporary developments in larger historical and theological contexts and through careful reflection on the theoretical dimensions of research on religion and CMC In their introductory and concluding essays the editors uncover and articulate the larger intersections and patterns suggested by individual chapters including trajectories for future research

Life Together in the Way of Jesus Christ Dan R. Stiver, 2009 Dan Stiver has crafted an engaging one volume introduction to Christian beliefs based on his experience teaching introductory theology courses While describing how traditional theology came to be he explains for both undergraduates and graduate students how theology is already a part of their life of faith As he examines traditional theological issues and such current topics as globalization and ecology Stiver treats theology as a living dynamic activity Employing useful case studies his groundbreaking approach helps students understand what theology is and shows them that they are participants in creating an ongoing vigorous theology that will remain at the center of their faith for the rest of their lives
