The days of persuasion selling are gone, while 61% of business owners say lead generation is their top challenge. Most businesses are doing marketing all wrong and wasting valuable time, spending hard-earned money, and using up limited energy on marketing that is not proven and does not work. In The Conversion Equation, best-selling author Dr. Terri Levine shares a proven process that has grown 8 multi-million-dollar businesses for her personally and has helped more than 6,000 business owners worldwide. She shows what is being done wrong in marketing and how to quickly shift to what works, that is little known by almost all business owners. The Conversion Equation provides a process that can grow any business in any environment or situation. Terri teaches how to first have the right inner mindset, framework, and beliefs to generate qualified leads and have them close themselves. She combines her knowledge of human behavior and blends it with her Conversion Equation.
