**Pranic Energy and Exercises** Yogi Ramacharaka, 2005-12-01 This scarce antiquarian book is a facsimile reprint of the original. Due to its age it may contain imperfections such as marks, notations, marginalia and flawed pages. Prana Energy-Therapy Hubert Leitenbauer, 2014-12-10 Hubert Leitenbauer, the man behind PRANA ENERGY THERAPY and head of the PRANA ACADEMY AUSTRIA, has trained over a thousand certified PRANA ENERGY THERAPISTS mainly via the WIFI, one of Europe's leading educational institutions. The author describes in detail how to apply the spiritual energy techniques involved and how to use spiral color pranas. Acute and chronic pain are bound up with our energy as the energy body penetrates the physical. PRANA ENERGY THERAPY is the first non-contact energy body healing method to take the western way of thinking and behaving into account. Moving beyond simply working on the aura, it aims primarily to treat the energy body in depth. Targeted spiritual energy leads to improvements in health and well-being. Anyone can learn this effective method and use it on him or herself and others. The power of the mind and a clear spiritual philosophy bring about rapid success. The cleansing processes also lead to a liberating enlightenment and an expanded consciousness. Moving beyond simply working on the aura, it aims primarily to treat the energy body in depth. Silence brings us peace. Mahatma Gandhi and Buddha follow silence. Indian yogis are also advised to practice silence to improve meditation quality and get inner peace. Concentrating on your breathing during meditation helps in bringing space to your lives. You become conscious of your own breath and are in the present. Conscious breathing stops the process of thinking and remains aware and meditative. Prana energy is named in Hindu. It's called Chi in Chinese and in Hebrew it's called Ruach. This energy is a vital force for life. When increased in the human body, it brings peace and good quality of meditation and ultimately the state of Samadhi. It is also used for spiritual healing in many countries. China invented acupuncture, in which normal power is required by the human body and enters through fine pins for healing or curing sickness.
