Reversal Theory Michael J. Apter, 2007-02-15 In this authoritative work Michael Apter one of the leading figures in the development of reversal theory provides a clear systematic and up to date introduction to the theory Reversal Theory Michael J. Apter, 1989 Michael Apter one of the leading figures in the development of reversal theory provides a clear systematic and up to date introduction to the theory for psychologists psychiatrists medical researchers and other social scientists *Motivation And Emotion In Sport* John H Kerr, 2013-10-15 First Published in 2004 Why did Michael Jordan quit basketball and take up baseball Why was Martina Navratilova so successful as a professional tennis player Why did Diego Maradona take performance enhancing drugs during the 1994 soccer World Cup Why did ice skater Tonya Harding involve herself in physical attacks on her Olympic rival Nancy Kerrigan These and many other questions about aspects of motivation and emotion in sport are addressed in this book The theoretical background to the book is provided by reversal theory a general psychological theory which is demonstrating its usefulness and versatility as it is being increasingly applied within sport psychology Reversal theory's systematic conceptual framework allows a unique perspective for interpreting behaviour in sport contexts Topics discussed include the motivation behind individual participation in different types of sport and the special attraction of dangerous sports the psychological processes involved in winning and losing in competitive sport the enjoyment of being aggressive and violent in team contact sports the maintenance and enhancement of individual well being including stress management and coping through sport and exercise problems which may arise as result of over participation and stress burnout and overload in competitive sport Real life examples are combined with research findings to provide an understanding of the emotional background and changes which accompany the individual's unique experience in sport In addition suggestions as to applications of reversal theory in new areas of sport psychology and the future direction of reversal theory based sport research are outlined For those interested in a truly insightful understanding of human behaviour in sport this book will be required reading Psychologie Richard J. Gerrig, Philip G. Zimbardo, 2008 Der Lehrbuch Klassiker bietet eine Gesamtdarstellung der wissenschaftlichen Psychologie **Stress And Emotion** Charles D. Spielberger, Irwin G. Sarason, Zsuzsanna Kulcsar, Guus L. Van Heck, 2015-10-23 This volume based on an international conference on current research in Stress And Emotion Covers In Four Sections Theoretical Aspects perception cognition and emotion the physiological and biological Concomitants Of Emotion And Type A Behaviour And Emotion **Progress in Reversal Theory** M.J. Apter, J.H. Kerr, M.P. Cowles, 1988-04-01 Reversal Theory is a new general theory of motivation emotion personality psychopathology and stress which challenges previous ideas in these fields and sets up an unusually broad and integrative conceptual framework of its own The papers in the six sections which make up this volume are concerned with developing the theory itself looking at different research areas or psychological problems from the perspective of reversal theory describing empirical studies of different kinds aimed at testing ideas drawn from the theory **Exercise Dependence** John

H. Kerr, Koenraad J. Lindner, Michelle Blaydon, 2007-08-09 In this unique book the authors provide an in depth guide to exercise dependency syndromes They examine the condition in the widest possible sense explore different types of exercise dependence and offer strategies for managing and treating them The Self and Others Rom Harré, Fathali M. Moghaddam, 2003-11-30 This volume focuses on relations between the self and other individuals the self and groups and the self and context Leading scholars in the field of positioning theory present the newest developments from this field on human social relations The discussion is international multidisciplinary and multi method aiming to achieve a more dynamic and powerful account of human social relations and to break disciplinary boundaries Four features in this work are prominent The book is culturally oriented and international There is a push to move across disciplines particularly across psychology and linguistics and psychology and microsociology There is a focus on language and social construction of the world through discourse Finally the book represents a multi method approach that reflects discursive methods *Internationaal tijdschrift voor experimentele pedagogiek*, 1999 **The Person** Dan P. McAdams, 1994 A Biographical Dictionary of Psychologists, Psychiatrists and Psychotherapists William Stewart, 2008 This book provides information on more than 400 men and women who have made significant contributions to the fields of psychology psychiatry and psychotherapy Each entry offers a short summary of the individuals personal life and a detailed analysis of the theories approaches or methodologies he or she contributed to a particular field *Motivation And Emotion In Sport* John H Kerr, 2013-10-15 First Published in 2004 Why did Michael Jordan quit basketball and take up baseball Why was Martina Navratilova so successful as a professional tennis player Why did Diego Maradona take performance enhancing drugs during the 1994 soccer World Cup Why did ice skater Tonya Harding involve herself in physical attacks on her Olympic rival Nancy Kerrigan These and many other questions about aspects of motivation and emotion in sport are addressed in this book The theoretical background to the book is provided by reversal theory a general psychological theory which is demonstrating its usefulness and versatility as it is being increasingly applied within sport psychology Reversal theory s systematic conceptual framework allows a unique perspective for interpreting behaviour in sport contexts Topics discussed include the motivation behind individual participation in different types of sport and the special attraction of dangerous sports the psychological processes involved in winning and losing in competitive sport the enjoyment of being aggressive and violent in team contact sports the maintenance and enhancement of individual well being including stress management and coping through sport and exercise problems which may arise as result of over participation and stress burnout and overload in competitive sport Real life examples are combined with research findings to provide an understanding of the emotional background and changes which accompany the individual s unique experience in sport In addition suggestions as to applications of reversal theory in new areas of sport psychology and the future direction of reversal theory based sport research are outlined For those interested in a truly insightful understanding of human behaviour in sport this book will be required reading *Anuario de psicología*, 1990 Subject
